ASSIGNMENT

WHEREAS, Mikula Retail, LLC, a limited liability company of the State of Illinois having a place of business at 4390 Liberty Street, Aurora, Illinois 60504 ("Assignor"), owns or owned an interest in the inventions and patent applications identified on the attached Patent Schedule (respectively, "the Inventions" and the "Patent Applications"); and

WHEREAS, Georgia-Pacific Corrugated IV LLC, a limited liability company of the State of Delaware having a place of business at 133 Peachtree Street N.E., Atlanta, Georgia 30303 ("Assignee"), desires acquiring or has acquired Assignor's interest in the Inventions and Patent Applications and any related patent applications and patents;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor by these presents does hereby sell, assign, and transfer, or by virtue of an agreement with Assignee has sold, assigned, and transferred, unto Assignee, its successors, legal representatives, and assigns, Assignor's entire right, title, and interest in and to the Inventions, the Patent Applications, any U.S. or foreign patent applications related to any of the Inventions, any U.S. or foreign patent applications claiming priority to any of the above-referenced patent applications, including any division, continuation, continuation-in-part, reexamination, reissue, extension, substitution, or renewal of any of the above-referenced patent applications, any right to claim priority arising from or required for any of the above-referenced patent applications under any applicable convention, treaty, statute, or regulation, any other right, privilege, or form of protection related to the Inventions or any of the above-referenced patent applications, and any U.S. or foreign patents granted from any of the above-referenced patent applications, to the full end of the term of the patents, to be held and enjoyed by Assignee, its successors, legal representatives, and assigns as fully and entirely as it would have been held and enjoyed by Assignor;

AND, Assignor hereby authorizes Assignee to file any of the above-referenced patent applications in the name of Assignee or its designee, and Assignor authorizes and requests the patent office of any country to issue any patents granted from any of the above-referenced patent applications in the name of Assignee or its designee;

AND, Assignor hereby warrants and covenants that Assignor has not and will not execute any assignment or other instrument in conflict with this Assignment; and

AND, Assignor hereby covenants and agrees to do everything possible to aid Assignee, its successors, legal representatives, and assigns, to obtain, maintain, and enforce protection in the U.S. and foreign countries for the Inventions, patent applications, and patents, including signing lawful papers, executing patent applications, making assignments, rightful oaths, and declarations, and testifying in judicial or administrative proceedings.
