**Recitals:**

- (A) The Inventors are the joint inventors of the invention or inventions entitled "**Compounds and Their Therapeutic Use**" and "**3-Aryl-5-substituted-isoquinolin-1-one Compounds and Their Therapeutic Use**" (hereinafter referred to as "The Invention") for which United Kingdom (GB) patent application number **1316173.2** (hereinafter referred to as "The First Priority Application"); United Kingdom (GB) patent application number **1403496.1** (hereinafter referred to as "The Second Priority Application"); United Kingdom (GB) patent application number **1410387.3** (hereinafter referred to as "The Third Priority Application"); and International (PCT) patent application number **PCT/GB2014/052752** (hereinafter referred to as "The PCT Application"), as set out in the Schedule hereto, have been filed. (The three priority applications being hereinafter referred to collectively as "The Priority Applications". The Priority Applications and The PCT Application together with any subsequent applications being hereinafter referred to collectively as "The Patent Applications".)
- (B) The Priority Applications and the PCT Application were filed in the name of The ICR.
- (C) The Inventors, Domainex, The Wellcome Trust, and The ICR agreed before The First Priority Application was filed that The ICR would be the sole owner of The Invention and The Patent Applications.
- (D) In pursuance of that agreement, The Inventors, Domainex, The Wellcome Trust, and The ICR have agreed to execute this Assignment in order to confirm and ensure that all rights, title and interest worldwide in, to, under and arising from The Invention and The Patent Applications belong to The ICR.

- (E) Inventors ASHWORTH, LORD, ELLIOTT, and NICULESCU-DUVAZ were at all material times employed by The ICR to carry out the research from which their contribution to The Invention and The Patent Applications arose.
- (F) Inventors ASHWORTH, LORD, ELLIOTT, and NICULESCU-DUVAZ have agreed to execute this Assignment in order to confirm and ensure that, as between them and their employer (The ICR), their contribution to The Invention and all their rights, title and interest in, to, under and arising from The Invention and The Patent Applications belongs to their employer (The ICR).
- (G) Inventor PORTER was at all material times an independent self-employed consultant under contract with The Wellcome Trust to carry out the research from which his contribution to The Invention and The Patent Applications arose.
- (H) Inventor PORTER has agreed to execute this Assignment in order to confirm and ensure that, as between him and his contractor (The Wellcome Trust), his contribution to The Invention and all his rights, title and interest in, to, under and arising from The Invention and The Patent Applications belongs to his contractor (The Wellcome Trust).
- (I) The Wellcome Trust has assisted The ICR with the provision of resources in regard to the Invention, including the contributions of inventor PORTER.
- (J) The Wellcome Trust has agreed to execute this Assignment in order to confirm and ensure that, as between them and The ICR, all their rights, title and interest in, to, under and arising from The Invention and The Patent Applications belong to The ICR.
- (K) Inventors AQIL, BOFFEY, BAYFORD, FIRTH-CLARK, HOPKINS, JARVIS, PERRIOR, SKONE, and KEY were at all material times employed by Domainex to carry out the research from which their contribution to The Invention and The Patent Applications arose.
- (L) Inventors AQIL, BOFFEY, BAYFORD, FIRTH-CLARK, HOPKINS, JARVIS, PERRIOR, SKONE, and KEY have agreed to execute this Assignment in order to confirm and ensure that, as between them and their employer (Domainex), their contribution to The Invention and The Patent Applications belongs to their employer (Domainex).
- (M) Domainex has agreed to execute this Assignment in order to confirm and ensure that, as between them and The ICR, all their rights, title and interest in, to, under and arising from The Invention and The Patent Applications belong to The ICR.

**Operative provisions:**

- 1 In consideration for the payment of £1.00 by The ICR to each of inventors ASHWORTH, LORD, ELLIOTT, and NICULESCU-DUVAZ (the receipt and adequacy of which are hereby acknowledged), and to the extent that they have not already done so, those inventors hereby sell and assign to The ICR absolutely and free from incumbrances all their rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 2 In consideration for the payment of £1.00 by Domainex to each of inventors AQIL, BOFFEY, BAYFORD, FIRTH-CLARK, HOPKINS, JARVIS, PERRIOR, SKONE, and KEY (the receipt and adequacy of which are hereby acknowledged), and to the extent that they have not already done so, those inventors hereby sell and assign to Domainex absolutely and free from incumbrances all their rights title and interest in, to, under, and

arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.

- 3 In consideration for the payment of £1.00 by The ICR to Domainex (the receipt and adequacy of which are hereby acknowledged), and to the extent that it has not already done so, Domainex hereby sells and assigns to The ICR absolutely and free from incumbrances all their rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 4 In consideration for the payment of £1.00 by The Wellcome Trust to inventor PORTER (the receipt and adequacy of which are hereby acknowledged), and to the extent that he has not already done so, that inventor hereby sells and assigns to The Wellcome Trust absolutely and free from incumbrances all his rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 5 In consideration for the payment of £1.00 by The ICR to The Wellcome Trust (the receipt and adequacy of which are hereby acknowledged), and to the extent that it has not already done so, The Wellcome Trust hereby sells and assigns to The ICR absolutely and free from incumbrances all their rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 6 The rights sold and assigned in clauses 1 through 5 above are all rights title and interest in, to, under, and arising from The Invention and The Patent Applications, including:
  - 6.1 all rights title and interest in all countries of the world in, to, under, and arising from The Invention; The Patent Applications; and all patent applications derived therefrom and any and all patent applications linked by priority thereto and any and all divisionals, continuations and continuations-in-part of any of the aforesaid patent applications and any and all patents that may be granted pursuant thereto for the full period thereof including any re-issues, re-examinations, renewals, extensions and Supplementary Protection Certificates and including all rights and powers arising or accrued therefrom including the right to sue for damages and other remedies in respect of any infringement of any such rights before on or after the date hereof;
  - 6.2 all such rights to apply for prosecute and obtain patents and other intellectual property protection anywhere in the world in respect of The Invention to the intent that the grant of any patents or other intellectual property protection for The Invention shall be in the name of and shall vest in The ICR or its successors or assigns; and
  - 6.3 all such rights to claim priority from one or more or all of The Patent Applications in any and all subsequent applications for protection for The Invention, such rights to be enjoyed by The ICR with effect from the dates of filing of The Patent Applications, respectively;

to the intent that The ICR shall have and hold the rights title and interest hereby assigned as fully and entirely as the same would have been held and enjoyed by The Inventors, Domainex, and The Wellcome Trust had this Assignment not been made.

- 7 The Inventors, Domainex, The Wellcome Trust, and The ICR hereby GRANT the firm of Mewburn Ellis LLP the power to insert in the Schedule to this Assignment any further identification of any future patent applications in Canada or the United States or any other countries or regions of the world which fall within the scope of clauses 1 to 6 above, as may be necessary or desirable in order to comply with the rules of the United States Patent Office or the Canadian Patent Office or any other intellectual property office for recordation of this document.
- 8 The Inventors, Domainex, and The Wellcome Trust hereby UNDERTAKE that at the request and cost of The ICR or its successors or assigns they will at all times hereafter promptly do all such acts and execute all such documents (including but not limited to documents required to be signed by or on behalf of inventors in the course of any and all patent applications which relate to The Invention) as may be reasonably necessary or desirable to secure the vesting in The ICR or its successors or assigns of all rights title and interest assigned to The ICR hereunder and to confirm the title of The ICR or its successors or assigns to all such rights title and interest and to assist in the resolution of any question concerning The Invention or any application for patent or other intellectual property protection for The Invention or any intellectual property protection granted pursuant to any such application.
- 9 The Inventors, Domainex, and The Wellcome Trust hereby request the relevant authorities in all countries of the world to issue any patents granted for The Invention in the name of The ICR or its successors or assigns in accordance with this Assignment.
- 10 This Assignment and undertaking shall be binding upon the heirs, executors, administrators, successors and/or assigns of each of The Inventors, Domainex, and The Wellcome Trust, and shall enure to the benefit of any heirs, executors, administrators, successors and/or assigns of The ICR.
- 11 This agreement shall be governed by and interpreted in accordance with the laws of England, and the courts of England shall have exclusive jurisdiction to settle any disputes which may arise in connection with this agreement.

IN WITNESS WHEREOF the parties hereto have executed this Assignment and undertaking:

**Recitals:**

- (A) The Inventors are the joint inventors of the invention or inventions entitled "**Compounds and Their Therapeutic Use**" and "**3-Aryl-5-substituted-isoquinolin-1-one Compounds and Their Therapeutic Use**" (hereinafter referred to as "The Invention") for which United Kingdom (GB) patent application number **1316173.2** (hereinafter referred to as "The First Priority Application"); United Kingdom (GB) patent application number **1403496.1** (hereinafter referred to as "The Second Priority Application"); United Kingdom (GB) patent application number **1410387.3** (hereinafter referred to as "The Third Priority Application"); and International (PCT) patent application number **PCT/GB2014/052752** (hereinafter referred to as "The PCT Application"), as set out in the Schedule hereto, have been filed. (The three priority applications being hereinafter referred to collectively as "The Priority Applications". The Priority Applications and The PCT Application together with any subsequent applications being hereinafter referred to collectively as "The Patent Applications".)
- (B) The Priority Applications and the PCT Application were filed in the name of The ICR.
- (C) The Inventors, Domainex, The Wellcome Trust, and The ICR agreed before The First Priority Application was filed that The ICR would be the sole owner of The Invention and The Patent Applications.
- (D) In pursuance of that agreement, The Inventors, Domainex, The Wellcome Trust, and The ICR have agreed to execute this Assignment in order to confirm and ensure that all rights, title and interest worldwide in, to, under and arising from The Invention and The Patent Applications belong to The ICR.

- (E) Inventors ASHWORTH, LORD, ELLIOTT, and NICULESCU-DUVAZ were at all material times employed by The ICR to carry out the research from which their contribution to The Invention and The Patent Applications arose.
- (F) Inventors ASHWORTH, LORD, ELLIOTT, and NICULESCU-DUVAZ have agreed to execute this Assignment in order to confirm and ensure that, as between them and their employer (The ICR), their contribution to The Invention and all their rights, title and interest in, to, under and arising from The Invention and The Patent Applications belongs to their employer (The ICR).
- (G) Inventor PORTER was at all material times an independent self-employed consultant under contract with The Wellcome Trust to carry out the research from which his contribution to The Invention and The Patent Applications arose.
- (H) Inventor PORTER has agreed to execute this Assignment in order to confirm and ensure that, as between him and his contractor (The Wellcome Trust), his contribution to The Invention and all his rights, title and interest in, to, under and arising from The Invention and The Patent Applications belongs to his contractor (The Wellcome Trust).
- (I) The Wellcome Trust has assisted The ICR with the provision of resources in regard to the Invention, including the contributions of inventor PORTER.
- (J) The Wellcome Trust has agreed to execute this Assignment in order to confirm and ensure that, as between them and The ICR, all their rights, title and interest in, to, under and arising from The Invention and The Patent Applications belong to The ICR.
- (K) Inventors AQIL, BOFFEY, BAYFORD, FIRTH-CLARK, HOPKINS, JARVIS, PERRIOR, SKONE, and KEY were at all material times employed by Domainex to carry out the research from which their contribution to The Invention and The Patent Applications arose.
- (L) Inventors AQIL, BOFFEY, BAYFORD, FIRTH-CLARK, HOPKINS, JARVIS, PERRIOR, SKONE, and KEY have agreed to execute this Assignment in order to confirm and ensure that, as between them and their employer (Domainex), their contribution to The Invention and The Patent Applications belongs to their employer (Domainex).
- (M) Domainex has agreed to execute this Assignment in order to confirm and ensure that, as between them and The ICR, all their rights, title and interest in, to, under and arising from The Invention and The Patent Applications belong to The ICR.

**Operative provisions:**

- 1 In consideration for the payment of £1.00 by The ICR to each of inventors ASHWORTH, LORD, ELLIOTT, and NICULESCU-DUVAZ (the receipt and adequacy of which are hereby acknowledged), and to the extent that they have not already done so, those inventors hereby sell and assign to The ICR absolutely and free from incumbrances all their rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 2 In consideration for the payment of £1.00 by Domainex to each of inventors AQIL, BOFFEY, BAYFORD, FIRTH-CLARK, HOPKINS, JARVIS, PERRIOR, SKONE, and KEY (the receipt and adequacy of which are hereby acknowledged), and to the extent that they have not already done so, those inventors hereby sell and assign to Domainex absolutely and free from incumbrances all their rights title and interest in, to, under, and

arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.

- 3 In consideration for the payment of £1.00 by The ICR to Domainex (the receipt and adequacy of which are hereby acknowledged), and to the extent that it has not already done so, Domainex hereby sells and assigns to The ICR absolutely and free from incumbrances all their rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 4 In consideration for the payment of £1.00 by The Wellcome Trust to inventor PORTER (the receipt and adequacy of which are hereby acknowledged), and to the extent that he has not already done so, that inventor hereby sells and assigns to The Wellcome Trust absolutely and free from incumbrances all his rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 5 In consideration for the payment of £1.00 by The ICR to The Wellcome Trust (the receipt and adequacy of which are hereby acknowledged), and to the extent that it has not already done so, The Wellcome Trust hereby sells and assigns to The ICR absolutely and free from incumbrances all their rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 6 The rights sold and assigned in clauses 1 through 5 above are all rights title and interest in, to, under, and arising from The Invention and The Patent Applications, including:
  - 6.1 all rights title and interest in all countries of the world in, to, under, and arising from The Invention; The Patent Applications; and all patent applications derived therefrom and any and all patent applications linked by priority thereto and any and all divisionals, continuations and continuations-in-part of any of the aforesaid patent applications and any and all patents that may be granted pursuant thereto for the full period thereof including any re-issues, re-examinations, renewals, extensions and Supplementary Protection Certificates and including all rights and powers arising or accrued therefrom including the right to sue for damages and other remedies in respect of any infringement of any such rights before on or after the date hereof;
  - 6.2 all such rights to apply for prosecute and obtain patents and other intellectual property protection anywhere in the world in respect of The Invention to the intent that the grant of any patents or other intellectual property protection for The Invention shall be in the name of and shall vest in The ICR or its successors or assigns; and
  - 6.3 all such rights to claim priority from one or more or all of The Patent Applications in any and all subsequent applications for protection for The Invention, such rights to be enjoyed by The ICR with effect from the dates of filing of The Patent Applications, respectively;

to the intent that The ICR shall have and hold the rights title and interest hereby assigned as fully and entirely as the same would have been held and enjoyed by The Inventors, Domainex, and The Wellcome Trust had this Assignment not been made.

- 7 The Inventors, Domainex, The Wellcome Trust, and The ICR hereby GRANT the firm of Mewburn Ellis LLP the power to insert in the Schedule to this Assignment any further identification of any future patent applications in Canada or the United States or any other countries or regions of the world which fall within the scope of clauses 1 to 6 above, as may be necessary or desirable in order to comply with the rules of the United States Patent Office or the Canadian Patent Office or any other intellectual property office for recordation of this document.
- 8 The Inventors, Domainex, and The Wellcome Trust hereby UNDERTAKE that at the request and cost of The ICR or its successors or assigns they will at all times hereafter promptly do all such acts and execute all such documents (including but not limited to documents required to be signed by or on behalf of inventors in the course of any and all patent applications which relate to The Invention) as may be reasonably necessary or desirable to secure the vesting in The ICR or its successors or assigns of all rights title and interest assigned to The ICR hereunder and to confirm the title of The ICR or its successors or assigns to all such rights title and interest and to assist in the resolution of any question concerning The Invention or any application for patent or other intellectual property protection for The Invention or any intellectual property protection granted pursuant to any such application.
- 9 The Inventors, Domainex, and The Wellcome Trust hereby request the relevant authorities in all countries of the world to issue any patents granted for The Invention in the name of The ICR or its successors or assigns in accordance with this Assignment.
- 10 This Assignment and undertaking shall be binding upon the heirs, executors, administrators, successors and/or assigns of each of The Inventors, Domainex, and The Wellcome Trust, and shall enure to the benefit of any heirs, executors, administrators, successors and/or assigns of The ICR.
- 11 This agreement shall be governed by and interpreted in accordance with the laws of England, and the courts of England shall have exclusive jurisdiction to settle any disputes which may arise in connection with this agreement.

IN WITNESS WHEREOF the parties hereto have executed this Assignment and undertaking:

**Recitals:**

- (A) The Inventors are the joint inventors of the invention or inventions entitled "**Compounds and Their Therapeutic Use**" and "**3-Aryl-5-substituted-isoquinolin-1-one Compounds and Their Therapeutic Use**" (hereinafter referred to as "The Invention") for which United Kingdom (GB) patent application number **1316173.2** (hereinafter referred to as "The First Priority Application"); United Kingdom (GB) patent application number **1403496.1** (hereinafter referred to as "The Second Priority Application"); United Kingdom (GB) patent application number **1410387.3** (hereinafter referred to as "The Third Priority Application"); and International (PCT) patent application number **PCT/GB2014/052752** (hereinafter referred to as "The PCT Application"), as set out in the Schedule hereto, have been filed. (The three priority applications being hereinafter referred to collectively as "The Priority Applications". The Priority Applications and The PCT Application together with any subsequent applications being hereinafter referred to collectively as "The Patent Applications".)
- (B) The Priority Applications and the PCT Application were filed in the name of The ICR.
- (C) The Inventors, Domainex, The Wellcome Trust, and The ICR agreed before The First Priority Application was filed that The ICR would be the sole owner of The Invention and The Patent Applications.
- (D) In pursuance of that agreement, The Inventors, Domainex, The Wellcome Trust, and The ICR have agreed to execute this Assignment in order to confirm and ensure that all rights, title and interest worldwide in, to, under and arising from The Invention and The Patent Applications belong to The ICR.

- (E) Inventors ASHWORTH, LORD, ELLIOTT, and NICULESCU-DUVAZ were at all material times employed by The ICR to carry out the research from which their contribution to The Invention and The Patent Applications arose.
- (F) Inventors ASHWORTH, LORD, ELLIOTT, and NICULESCU-DUVAZ have agreed to execute this Assignment in order to confirm and ensure that, as between them and their employer (The ICR), their contribution to The Invention and all their rights, title and interest in, to, under and arising from The Invention and The Patent Applications belongs to their employer (The ICR).
- (G) Inventor PORTER was at all material times an independent self-employed consultant under contract with The Wellcome Trust to carry out the research from which his contribution to The Invention and The Patent Applications arose.
- (H) Inventor PORTER has agreed to execute this Assignment in order to confirm and ensure that, as between him and his contractor (The Wellcome Trust), his contribution to The Invention and all his rights, title and interest in, to, under and arising from The Invention and The Patent Applications belongs to his contractor (The Wellcome Trust).
- (I) The Wellcome Trust has assisted The ICR with the provision of resources in regard to the Invention, including the contributions of inventor PORTER.
- (J) The Wellcome Trust has agreed to execute this Assignment in order to confirm and ensure that, as between them and The ICR, all their rights, title and interest in, to, under and arising from The Invention and The Patent Applications belong to The ICR.
- (K) Inventors AQIL, BOFFEY, BAYFORD, FIRTH-CLARK, HOPKINS, JARVIS, PERRIOR, SKONE, and KEY were at all material times employed by Domainex to carry out the research from which their contribution to The Invention and The Patent Applications arose.
- (L) Inventors AQIL, BOFFEY, BAYFORD, FIRTH-CLARK, HOPKINS, JARVIS, PERRIOR, SKONE, and KEY have agreed to execute this Assignment in order to confirm and ensure that, as between them and their employer (Domainex), their contribution to The Invention and The Patent Applications belongs to their employer (Domainex).
- (M) Domainex has agreed to execute this Assignment in order to confirm and ensure that, as between them and The ICR, all their rights, title and interest in, to, under and arising from The Invention and The Patent Applications belong to The ICR.

**Operative provisions:**

- 1 In consideration for the payment of £1.00 by The ICR to each of inventors ASHWORTH, LORD, ELLIOTT, and NICULESCU-DUVAZ (the receipt and adequacy of which are hereby acknowledged), and to the extent that they have not already done so, those inventors hereby sell and assign to The ICR absolutely and free from incumbrances all their rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 2 In consideration for the payment of £1.00 by Domainex to each of inventors AQIL, BOFFEY, BAYFORD, FIRTH-CLARK, HOPKINS, JARVIS, PERRIOR, SKONE, and KEY (the receipt and adequacy of which are hereby acknowledged), and to the extent that they have not already done so, those inventors hereby sell and assign to Domainex absolutely and free from incumbrances all their rights title and interest in, to, under, and

arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.

- 3 In consideration for the payment of £1.00 by The ICR to Domainex (the receipt and adequacy of which are hereby acknowledged), and to the extent that it has not already done so, Domainex hereby sells and assigns to The ICR absolutely and free from incumbrances all their rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 4 In consideration for the payment of £1.00 by The Wellcome Trust to inventor PORTER (the receipt and adequacy of which are hereby acknowledged), and to the extent that he has not already done so, that inventor hereby sells and assigns to The Wellcome Trust absolutely and free from incumbrances all his rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 5 In consideration for the payment of £1.00 by The ICR to The Wellcome Trust (the receipt and adequacy of which are hereby acknowledged), and to the extent that it has not already done so, The Wellcome Trust hereby sells and assigns to The ICR absolutely and free from incumbrances all their rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 6 The rights sold and assigned in clauses 1 through 5 above are all rights title and interest in, to, under, and arising from The Invention and The Patent Applications, including:
  - 6.1 all rights title and interest in all countries of the world in, to, under, and arising from The Invention; The Patent Applications; and all patent applications derived therefrom and any and all patent applications linked by priority thereto and any and all divisionals, continuations and continuations-in-part of any of the aforesaid patent applications and any and all patents that may be granted pursuant thereto for the full period thereof including any re-issues, re-examinations, renewals, extensions and Supplementary Protection Certificates and including all rights and powers arising or accrued therefrom including the right to sue for damages and other remedies in respect of any infringement of any such rights before on or after the date hereof;
  - 6.2 all such rights to apply for prosecute and obtain patents and other intellectual property protection anywhere in the world in respect of The Invention to the intent that the grant of any patents or other intellectual property protection for The Invention shall be in the name of and shall vest in The ICR or its successors or assigns; and
  - 6.3 all such rights to claim priority from one or more or all of The Patent Applications in any and all subsequent applications for protection for The Invention, such rights to be enjoyed by The ICR with effect from the dates of filing of The Patent Applications, respectively;

to the intent that The ICR shall have and hold the rights title and interest hereby assigned as fully and entirely as the same would have been held and enjoyed by The Inventors, Domainex, and The Wellcome Trust had this Assignment not been made.

- 7 The Inventors, Domainex, The Wellcome Trust, and The ICR hereby GRANT the firm of Mewburn Ellis LLP the power to insert in the Schedule to this Assignment any further identification of any future patent applications in Canada or the United States or any other countries or regions of the world which fall within the scope of clauses 1 to 6 above, as may be necessary or desirable in order to comply with the rules of the United States Patent Office or the Canadian Patent Office or any other intellectual property office for recordation of this document.
- 8 The Inventors, Domainex, and The Wellcome Trust hereby UNDERTAKE that at the request and cost of The ICR or its successors or assigns they will at all times hereafter promptly do all such acts and execute all such documents (including but not limited to documents required to be signed by or on behalf of inventors in the course of any and all patent applications which relate to The Invention) as may be reasonably necessary or desirable to secure the vesting in The ICR or its successors or assigns of all rights title and interest assigned to The ICR hereunder and to confirm the title of The ICR or its successors or assigns to all such rights title and interest and to assist in the resolution of any question concerning The Invention or any application for patent or other intellectual property protection for The Invention or any intellectual property protection granted pursuant to any such application.
- 9 The Inventors, Domainex, and The Wellcome Trust hereby request the relevant authorities in all countries of the world to issue any patents granted for The Invention in the name of The ICR or its successors or assigns in accordance with this Assignment.
- 10 This Assignment and undertaking shall be binding upon the heirs, executors, administrators, successors and/or assigns of each of The Inventors, Domainex, and The Wellcome Trust, and shall enure to the benefit of any heirs, executors, administrators, successors and/or assigns of The ICR.

**Recitals:**

- (A) The Inventors are the joint inventors of the invention or inventions entitled "**Compounds and Their Therapeutic Use**" and "**3-Aryl-5-substituted-isoquinolin-1-one Compounds and Their Therapeutic Use**" (hereinafter referred to as "The Invention") for which United Kingdom (GB) patent application number **1316173.2** (hereinafter referred to as "The First Priority Application"); United Kingdom (GB) patent application number **1403496.1** (hereinafter referred to as "The Second Priority Application"); United Kingdom (GB) patent application number **1410387.3** (hereinafter referred to as "The Third Priority Application"); and International (PCT) patent application number **PCT/GB2014/052752** (hereinafter referred to as "The PCT Application"), as set out in the Schedule hereto, have been filed. (The three priority applications being hereinafter referred to collectively as "The Priority Applications". The Priority Applications and The PCT Application together with any subsequent applications being hereinafter referred to collectively as "The Patent Applications".)
- (B) The Priority Applications and the PCT Application were filed in the name of The ICR.
- (C) The Inventors, Domainex, The Wellcome Trust, and The ICR agreed before The First Priority Application was filed that The ICR would be the sole owner of The Invention and The Patent Applications.
- (D) In pursuance of that agreement, The Inventors, Domainex, The Wellcome Trust, and The ICR have agreed to execute this Assignment in order to confirm and ensure that all rights, title and interest worldwide in, to, under and arising from The Invention and The Patent Applications belong to The ICR.

- (E) Inventors ASHWORTH, LORD, ELLIOTT, and NICULESCU-DUVAZ were at all material times employed by The ICR to carry out the research from which their contribution to The Invention and The Patent Applications arose.
- (F) Inventors ASHWORTH, LORD, ELLIOTT, and NICULESCU-DUVAZ have agreed to execute this Assignment in order to confirm and ensure that, as between them and their employer (The ICR), their contribution to The Invention and all their rights, title and interest in, to, under and arising from The Invention and The Patent Applications belongs to their employer (The ICR).
- (G) Inventor PORTER was at all material times an independent self-employed consultant under contract with The Wellcome Trust to carry out the research from which his contribution to The Invention and The Patent Applications arose.
- (H) Inventor PORTER has agreed to execute this Assignment in order to confirm and ensure that, as between him and his contractor (The Wellcome Trust), his contribution to The Invention and all his rights, title and interest in, to, under and arising from The Invention and The Patent Applications belongs to his contractor (The Wellcome Trust).
- (I) The Wellcome Trust has assisted The ICR with the provision of resources in regard to the Invention, including the contributions of inventor PORTER.
- (J) The Wellcome Trust has agreed to execute this Assignment in order to confirm and ensure that, as between them and The ICR, all their rights, title and interest in, to, under and arising from The Invention and The Patent Applications belong to The ICR.
- (K) Inventors AQIL, BOFFEY, BAYFORD, FIRTH-CLARK, HOPKINS, JARVIS, PERRIOR, SKONE, and KEY were at all material times employed by Domainex to carry out the research from which their contribution to The Invention and The Patent Applications arose.
- (L) Inventors AQIL, BOFFEY, BAYFORD, FIRTH-CLARK, HOPKINS, JARVIS, PERRIOR, SKONE, and KEY have agreed to execute this Assignment in order to confirm and ensure that, as between them and their employer (Domainex), their contribution to The Invention and The Patent Applications belongs to their employer (Domainex).
- (M) Domainex has agreed to execute this Assignment in order to confirm and ensure that, as between them and The ICR, all their rights, title and interest in, to, under and arising from The Invention and The Patent Applications belong to The ICR.

**Operative provisions:**

- 1 In consideration for the payment of £1.00 by The ICR to each of inventors ASHWORTH, LORD, ELLIOTT, and NICULESCU-DUVAZ (the receipt and adequacy of which are hereby acknowledged), and to the extent that they have not already done so, those inventors hereby sell and assign to The ICR absolutely and free from incumbrances all their rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 2 In consideration for the payment of £1.00 by Domainex to each of inventors AQIL, BOFFEY, BAYFORD, FIRTH-CLARK, HOPKINS, JARVIS, PERRIOR, SKONE, and KEY (the receipt and adequacy of which are hereby acknowledged), and to the extent that they have not already done so, those inventors hereby sell and assign to Domainex absolutely and free from incumbrances all their rights title and interest in, to, under, and

arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.

- 3 In consideration for the payment of £1.00 by The ICR to Domainex (the receipt and adequacy of which are hereby acknowledged), and to the extent that it has not already done so, Domainex hereby sells and assigns to The ICR absolutely and free from incumbrances all their rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 4 In consideration for the payment of £1.00 by The Wellcome Trust to inventor PORTER (the receipt and adequacy of which are hereby acknowledged), and to the extent that he has not already done so, that inventor hereby sells and assigns to The Wellcome Trust absolutely and free from incumbrances all his rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 5 In consideration for the payment of £1.00 by The ICR to The Wellcome Trust (the receipt and adequacy of which are hereby acknowledged), and to the extent that it has not already done so, The Wellcome Trust hereby sells and assigns to The ICR absolutely and free from incumbrances all their rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 6 The rights sold and assigned in clauses 1 through 5 above are all rights title and interest in, to, under, and arising from The Invention and The Patent Applications, including:
  - 6.1 all rights title and interest in all countries of the world in, to, under, and arising from The Invention; The Patent Applications; and all patent applications derived therefrom and any and all patent applications linked by priority thereto and any and all divisionals, continuations and continuations-in-part of any of the aforesaid patent applications and any and all patents that may be granted pursuant thereto for the full period thereof including any re-issues, re-examinations, renewals, extensions and Supplementary Protection Certificates and including all rights and powers arising or accrued therefrom including the right to sue for damages and other remedies in respect of any infringement of any such rights before on or after the date hereof;
  - 6.2 all such rights to apply for prosecute and obtain patents and other intellectual property protection anywhere in the world in respect of The Invention to the intent that the grant of any patents or other intellectual property protection for The Invention shall be in the name of and shall vest in The ICR or its successors or assigns; and
  - 6.3 all such rights to claim priority from one or more or all of The Patent Applications in any and all subsequent applications for protection for The Invention, such rights to be enjoyed by The ICR with effect from the dates of filing of The Patent Applications, respectively;

to the intent that The ICR shall have and hold the rights title and interest hereby assigned as fully and entirely as the same would have been held and enjoyed by The Inventors, Domainex, and The Wellcome Trust had this Assignment not been made.

- 7 The Inventors, Domainex, The Wellcome Trust, and The ICR hereby GRANT the firm of Mewburn Ellis LLP the power to insert in the Schedule to this Assignment any further identification of any future patent applications in Canada or the United States or any other countries or regions of the world which fall within the scope of clauses 1 to 6 above, as may be necessary or desirable in order to comply with the rules of the United States Patent Office or the Canadian Patent Office or any other intellectual property office for recordation of this document.
- 8 The Inventors, Domainex, and The Wellcome Trust hereby UNDERTAKE that at the request and cost of The ICR or its successors or assigns they will at all times hereafter promptly do all such acts and execute all such documents (including but not limited to documents required to be signed by or on behalf of inventors in the course of any and all patent applications which relate to The Invention) as may be reasonably necessary or desirable to secure the vesting in The ICR or its successors or assigns of all rights title and interest assigned to The ICR hereunder and to confirm the title of The ICR or its successors or assigns to all such rights title and interest and to assist in the resolution of any question concerning The Invention or any application for patent or other intellectual property protection for The Invention or any intellectual property protection granted pursuant to any such application.
- 9 The Inventors, Domainex, and The Wellcome Trust hereby request the relevant authorities in all countries of the world to issue any patents granted for The Invention in the name of The ICR or its successors or assigns in accordance with this Assignment.
- 10 This Assignment and undertaking shall be binding upon the heirs, executors, administrators, successors and/or assigns of each of The Inventors, Domainex, and The Wellcome Trust, and shall enure to the benefit of any heirs, executors, administrators, successors and/or assigns of The ICR.
- 11 This agreement shall be governed by and interpreted in accordance with the laws of England, and the courts of England shall have exclusive jurisdiction to settle any disputes which may arise in connection with this agreement.

IN WITNESS WHEREOF the parties hereto have executed this Assignment and undertaking:

- (K) Inventors AQIL, BOFFEY, BAYFORD, FIRTH-CLARK, HOPKINS, JARVIS, PERRIOR, SKONE, and KEY were at all material times employed by Domainex to carry out the research from which their contribution to The Invention and The Patent Applications arose.
- (L) Inventors AQIL, BOFFEY, BAYFORD, FIRTH-CLARK, HOPKINS, JARVIS, PERRIOR, SKONE, and KEY have agreed to execute this Assignment in order to confirm and ensure that, as between them and their employer (Domainex), their contribution to The Invention and The Patent Applications belongs to their employer (Domainex).
- (M) Domainex has agreed to execute this Assignment in order to confirm and ensure that, as between them and The ICR, all their rights, title and interest in, to, under and arising from The Invention and The Patent Applications belong to The ICR.

**Operative provisions:**

- 1 In consideration for the payment of £1.00 by The ICR to each of inventors ASHWORTH, LORD, ELLIOTT, and NICULESCU-DUVAZ (the receipt and adequacy of which are hereby acknowledged), and to the extent that they have not already done so, those inventors hereby sell and assign to The ICR absolutely and free from incumbrances all their rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 2 In consideration for the payment of £1.00 by Domainex to each of inventors AQIL, BOFFEY, BAYFORD, FIRTH-CLARK, HOPKINS, JARVIS, PERRIOR, SKONE, and KEY (the receipt and adequacy of which are hereby acknowledged), and to the extent that they have not already done so, those inventors hereby sell and assign to Domainex absolutely and free from incumbrances all their rights title and interest in, to, under, and

arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.

- 3 In consideration for the payment of £1.00 by The ICR to Domainex (the receipt and adequacy of which are hereby acknowledged), and to the extent that it has not already done so, Domainex hereby sells and assigns to The ICR absolutely and free from incumbrances all their rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 4 In consideration for the payment of £1.00 by The Wellcome Trust to inventor PORTER (the receipt and adequacy of which are hereby acknowledged), and to the extent that he has not already done so, that inventor hereby sells and assigns to The Wellcome Trust absolutely and free from incumbrances all his rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 5 In consideration for the payment of £1.00 by The ICR to The Wellcome Trust (the receipt and adequacy of which are hereby acknowledged), and to the extent that it has not already done so, The Wellcome Trust hereby sells and assigns to The ICR absolutely and free from incumbrances all their rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 6 The rights sold and assigned in clauses 1 through 5 above are all rights title and interest in, to, under, and arising from The Invention and The Patent Applications, including:
  - 6.1 all rights title and interest in all countries of the world in, to, under, and arising from The Invention; The Patent Applications; and all patent applications derived therefrom and any and all patent applications linked by priority thereto and any and all divisionals, continuations and continuations-in-part of any of the aforesaid patent applications and any and all patents that may be granted pursuant thereto for the full period thereof including any re-issues, re-examinations, renewals, extensions and Supplementary Protection Certificates and including all rights and powers arising or accrued therefrom including the right to sue for damages and other remedies in respect of any infringement of any such rights before on or after the date hereof;
  - 6.2 all such rights to apply for prosecute and obtain patents and other intellectual property protection anywhere in the world in respect of The Invention to the intent that the grant of any patents or other intellectual property protection for The Invention shall be in the name of and shall vest in The ICR or its successors or assigns; and
  - 6.3 all such rights to claim priority from one or more or all of The Patent Applications in any and all subsequent applications for protection for The Invention, such rights to be enjoyed by The ICR with effect from the dates of filing of The Patent Applications, respectively;

to the intent that The ICR shall have and hold the rights title and interest hereby assigned as fully and entirely as the same would have been held and enjoyed by The Inventors, Domainex, and The Wellcome Trust had this Assignment not been made.

- 7 The Inventors, Domainex, The Wellcome Trust, and The ICR hereby GRANT the firm of Mewburn Ellis LLP the power to insert in the Schedule to this Assignment any further identification of any future patent applications in Canada or the United States or any other countries or regions of the world which fall within the scope of clauses 1 to 6 above, as may be necessary or desirable in order to comply with the rules of the United States Patent Office or the Canadian Patent Office or any other intellectual property office for recordation of this document.
- 8 The Inventors, Domainex, and The Wellcome Trust hereby UNDERTAKE that at the request and cost of The ICR or its successors or assigns they will at all times hereafter promptly do all such acts and execute all such documents (including but not limited to documents required to be signed by or on behalf of inventors in the course of any and all patent applications which relate to The Invention) as may be reasonably necessary or desirable to secure the vesting in The ICR or its successors or assigns of all rights title and interest assigned to The ICR hereunder and to confirm the title of The ICR or its successors or assigns to all such rights title and interest and to assist in the resolution of any question concerning The Invention or any application for patent or other intellectual property protection for The Invention or any intellectual property protection granted pursuant to any such application.
- 9 The Inventors, Domainex, and The Wellcome Trust hereby request the relevant authorities in all countries of the world to issue any patents granted for The Invention in the name of The ICR or its successors or assigns in accordance with this Assignment.
- 10 This Assignment and undertaking shall be binding upon the heirs, executors, administrators, successors and/or assigns of each of The Inventors, Domainex, and The Wellcome Trust, and shall enure to the benefit of any heirs, executors, administrators, successors and/or assigns of The ICR.

- (A) The Inventors are the joint inventors of the invention or inventions entitled "**Compounds and Their Therapeutic Use**" and "**3-Aryl-5-substituted-isoquinolin-1-one Compounds and Their Therapeutic Use**" (hereinafter referred to as "The Invention") for which United Kingdom (GB) patent application number **1316173.2** (hereinafter referred to as "The First Priority Application"); United Kingdom (GB) patent application number **1403496.1** (hereinafter referred to as "The Second Priority Application"); United Kingdom (GB) patent application number **1410387.3** (hereinafter referred to as "The Third Priority Application"); and International (PCT) patent application number **PCT/GB2014/052752** (hereinafter referred to as "The PCT Application"), as set out in the Schedule hereto, have been filed. (The three priority applications being hereinafter referred to collectively as "The Priority Applications". The Priority Applications and The PCT Application together with any subsequent applications being hereinafter referred to collectively as "The Patent Applications".)
- (B) The Priority Applications and the PCT Application were filed in the name of The ICR.
- (C) The Inventors, Domainex, The Wellcome Trust, and The ICR agreed before The First Priority Application was filed that The ICR would be the sole owner of The Invention and The Patent Applications.
- (D) In pursuance of that agreement, The Inventors, Domainex, The Wellcome Trust, and The ICR have agreed to execute this Assignment in order to confirm and ensure that all rights, title and interest worldwide in, to, under and arising from The Invention and The Patent Applications belong to The ICR.

- (E) Inventors ASHWORTH, LORD, ELLIOTT, and NICULESCU-DUVAZ were at all material times employed by The ICR to carry out the research from which their contribution to The Invention and The Patent Applications arose.
- (F) Inventors ASHWORTH, LORD, ELLIOTT, and NICULESCU-DUVAZ have agreed to execute this Assignment in order to confirm and ensure that, as between them and their employer (The ICR), their contribution to The Invention and all their rights, title and interest in, to, under and arising from The Invention and The Patent Applications belongs to their employer (The ICR).
- (G) Inventor PORTER was at all material times an independent self-employed consultant under contract with The Wellcome Trust to carry out the research from which his contribution to The Invention and The Patent Applications arose.
- (H) Inventor PORTER has agreed to execute this Assignment in order to confirm and ensure that, as between him and his contractor (The Wellcome Trust), his contribution to The Invention and all his rights, title and interest in, to, under and arising from The Invention and The Patent Applications belongs to his contractor (The Wellcome Trust).
- (I) The Wellcome Trust has assisted The ICR with the provision of resources in regard to the Invention, including the contributions of inventor PORTER.
- (J) The Wellcome Trust has agreed to execute this Assignment in order to confirm and ensure that, as between them and The ICR, all their rights, title and interest in, to, under and arising from The Invention and The Patent Applications belong to The ICR.

**Recitals:**

- (A) The Inventors are the joint inventors of the invention or inventions entitled "***Compounds and Their Therapeutic Use***" and "***3-Aryl-5-substituted-isoquinolin-1-one Compounds and Their Therapeutic Use***" (hereinafter referred to as "The Invention") for which United Kingdom (GB) patent application number **1316173.2** (hereinafter referred to as "The First Priority Application"); United Kingdom (GB) patent application number **1403496.1** (hereinafter referred to as "The Second Priority Application"); United Kingdom (GB) patent application number **1410387.3** (hereinafter referred to as "The Third Priority Application"); and International (PCT) patent application number **PCT/GB2014/052752** (hereinafter referred to as "The PCT Application"), as set out in the Schedule hereto, have been filed. (The three priority applications being hereinafter referred to collectively as "The Priority Applications". The Priority Applications and The PCT Application together with any subsequent applications being hereinafter referred to collectively as "The Patent Applications".)
- (B) The Priority Applications and the PCT Application were filed in the name of The ICR.
- (C) The Inventors, Domainex, The Wellcome Trust, and The ICR agreed before The First Priority Application was filed that The ICR would be the sole owner of The Invention and The Patent Applications.
- (D) In pursuance of that agreement, The Inventors, Domainex, The Wellcome Trust, and The ICR have agreed to execute this Assignment in order to confirm and ensure that all rights, title and interest worldwide in, to, under and arising from The Invention and The Patent Applications belong to The ICR.

- (E) Inventors ASHWORTH, LORD, ELLIOTT, and NICULESCU-DUVAZ were at all material times employed by The ICR to carry out the research from which their contribution to The Invention and The Patent Applications arose.
- (F) Inventors ASHWORTH, LORD, ELLIOTT, and NICULESCU-DUVAZ have agreed to execute this Assignment in order to confirm and ensure that, as between them and their employer (The ICR), their contribution to The Invention and all their rights, title and interest in, to, under and arising from The Invention and The Patent Applications belongs to their employer (The ICR).
- (G) Inventor PORTER was at all material times an independent self-employed consultant under contract with The Wellcome Trust to carry out the research from which his contribution to The Invention and The Patent Applications arose.
- (H) Inventor PORTER has agreed to execute this Assignment in order to confirm and ensure that, as between him and his contractor (The Wellcome Trust), his contribution to The Invention and all his rights, title and interest in, to, under and arising from The Invention and The Patent Applications belongs to his contractor (The Wellcome Trust).
- (I) The Wellcome Trust has assisted The ICR with the provision of resources in regard to the Invention, including the contributions of inventor PORTER.
- (J) The Wellcome Trust has agreed to execute this Assignment in order to confirm and ensure that, as between them and The ICR, all their rights, title and interest in, to, under and arising from The Invention and The Patent Applications belong to The ICR.
- (K) Inventors AQIL, BOFFEY, BAYFORD, FIRTH-CLARK, HOPKINS, JARVIS, PERRIOR, SKONE, and KEY were at all material times employed by Domainex to carry out the research from which their contribution to The Invention and The Patent Applications arose.
- (L) Inventors AQIL, BOFFEY, BAYFORD, FIRTH-CLARK, HOPKINS, JARVIS, PERRIOR, SKONE, and KEY have agreed to execute this Assignment in order to confirm and ensure that, as between them and their employer (Domainex), their contribution to The Invention and The Patent Applications belongs to their employer (Domainex).
- (M) Domainex has agreed to execute this Assignment in order to confirm and ensure that, as between them and The ICR, all their rights, title and interest in, to, under and arising from The Invention and The Patent Applications belong to The ICR.

**Operative provisions:**

- 1 In consideration for the payment of £1.00 by The ICR to each of inventors ASHWORTH, LORD, ELLIOTT, and NICULESCU-DUVAZ (the receipt and adequacy of which are hereby acknowledged), and to the extent that they have not already done so, those inventors hereby sell and assign to The ICR absolutely and free from incumbrances all their rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 2 In consideration for the payment of £1.00 by Domainex to each of inventors AQIL, BOFFEY, BAYFORD, FIRTH-CLARK, HOPKINS, JARVIS, PERRIOR, SKONE, and KEY (the receipt and adequacy of which are hereby acknowledged), and to the extent that they have not already done so, those inventors hereby sell and assign to Domainex absolutely and free from incumbrances all their rights title and interest in, to, under, and

arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.

- 3 In consideration for the payment of £1.00 by The ICR to Domainex (the receipt and adequacy of which are hereby acknowledged), and to the extent that it has not already done so, Domainex hereby sells and assigns to The ICR absolutely and free from incumbrances all their rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 4 In consideration for the payment of £1.00 by The Wellcome Trust to inventor PORTER (the receipt and adequacy of which are hereby acknowledged), and to the extent that he has not already done so, that inventor hereby sells and assigns to The Wellcome Trust absolutely and free from incumbrances all his rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 5 In consideration for the payment of £1.00 by The ICR to The Wellcome Trust (the receipt and adequacy of which are hereby acknowledged), and to the extent that it has not already done so, The Wellcome Trust hereby sells and assigns to The ICR absolutely and free from incumbrances all their rights title and interest in, to, under, and arising from The Invention and The Patent Applications, and including those rights set out in clause 6 below.
- 6 The rights sold and assigned in clauses 1 through 5 above are all rights title and interest in, to, under, and arising from The Invention and The Patent Applications, including:
  - 6.1 all rights title and interest in all countries of the world in, to, under, and arising from The Invention; The Patent Applications; and all patent applications derived therefrom and any and all patent applications linked by priority thereto and any and all divisionals, continuations and continuations-in-part of any of the aforesaid patent applications and any and all patents that may be granted pursuant thereto for the full period thereof including any re-issues, re-examinations, renewals, extensions and Supplementary Protection Certificates and including all rights and powers arising or accrued therefrom including the right to sue for damages and other remedies in respect of any infringement of any such rights before on or after the date hereof;
  - 6.2 all such rights to apply for prosecute and obtain patents and other intellectual property protection anywhere in the world in respect of The Invention to the intent that the grant of any patents or other intellectual property protection for The Invention shall be in the name of and shall vest in The ICR or its successors or assigns; and
  - 6.3 all such rights to claim priority from one or more or all of The Patent Applications in any and all subsequent applications for protection for The Invention, such rights to be enjoyed by The ICR with effect from the dates of filing of The Patent Applications, respectively;

to the intent that The ICR shall have and hold the rights title and interest hereby assigned as fully and entirely as the same would have been held and enjoyed by The Inventors, Domainex, and The Wellcome Trust had this Assignment not been made.

- 7 The Inventors, Domainex, The Wellcome Trust, and The ICR hereby GRANT the firm of Mewburn Ellis LLP the power to insert in the Schedule to this Assignment any further identification of any future patent applications in Canada or the United States or any other countries or regions of the world which fall within the scope of clauses 1 to 6 above, as may be necessary or desirable in order to comply with the rules of the United States Patent Office or the Canadian Patent Office or any other intellectual property office for recordation of this document.
- 8 The Inventors, Domainex, and The Wellcome Trust hereby UNDERTAKE that at the request and cost of The ICR or its successors or assigns they will at all times hereafter promptly do all such acts and execute all such documents (including but not limited to documents required to be signed by or on behalf of inventors in the course of any and all patent applications which relate to The Invention) as may be reasonably necessary or desirable to secure the vesting in The ICR or its successors or assigns of all rights title and interest assigned to The ICR hereunder and to confirm the title of The ICR or its successors or assigns to all such rights title and interest and to assist in the resolution of any question concerning The Invention or any application for patent or other intellectual property protection for The Invention or any intellectual property protection granted pursuant to any such application.
- 9 The Inventors, Domainex, and The Wellcome Trust hereby request the relevant authorities in all countries of the world to issue any patents granted for The Invention in the name of The ICR or its successors or assigns in accordance with this Assignment.
- 10 This Assignment and undertaking shall be binding upon the heirs, executors, administrators, successors and/or assigns of each of The Inventors, Domainex, and The Wellcome Trust, and shall enure to the benefit of any heirs, executors, administrators, successors and/or assigns of The ICR.
- 11 This agreement shall be governed by and interpreted in accordance with the laws of England, and the courts of England shall have exclusive jurisdiction to settle any disputes which may arise in connection with this agreement.

IN WITNESS WHEREOF the parties hereto have executed this Assignment and undertaking:
