ASSIGNMENT

WHEREAS, Stephan Copeland, residing at 55 Merbrook Lane, Merion Station, PA 19066 (hereinafter referred to as Assignor), has invented certain new and useful improvements in a **TASK LAMP**, for which two United States provisional applications, Ser. Nos. 62/070,474 and 62/124,619, were filed August 27, 2014 and December 29, 2014, respectively, and for which an application for United States Letters Patent, Ser. No. 14/837,602, was filed August 27, 2015.

WHEREAS, Light Corporation, a corporation of the State of Michigan, having a place of business at 14800 172nd Street, Grand Haven, Michigan 494717 (hereinafter referred to as Assignee), is desirous of acquiring the entire right, title and interest in and to the invention and in and to any patent that may be granted therefor in the United States and in any and all foreign countries.

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, and for other good and valuable considerations, Assignor hereby sells, assigns and transfers to the Assignee the full and exclusive right, title and interest to the invention in the United States and in all foreign countries and the entire right, title and interest in and to any and all patents which may be granted therefor in the United States and in any and all foreign countries and in and to any and all divisions, reissues, continuations, continuation-in-part, and extensions thereof based on the above-referenced patent applications, including the full right to claim for any such applications the benefits of the International Convention, and including the right to obtain a reasonable royalty pursuant to 35 U.S.C. § 154(d) upon publication of any such United States applications.

Assignor hereby authorizes and requests the Patent Office Officials in the United States and in any and all foreign countries to issue any and all of the patents, when granted, to the Assignee as the owner of the entire right, title and interest in and to the same, for the sole use and benefit of the Assignee, its successors and assigns.

FURTHER, Assignor agrees to communicate to the Assignee or its representatives any facts known to the Assignor respecting the invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, continuation-in-part, substitution, renewal, and reissue applications, execute all necessary assignment papers to cause any and all of the patents to be issued to the Assignee, make all rightful oaths and generally do everything possible to aid the Assignee, its successors and assigns, to obtain and enforce proper protection for the invention in the United States and in any and all foreign countries.
