ASSIGNMENT OF INVENTION

UNIVERSAL

WHEREAS, we, PASCAL CHARTRAND, whose full post office address is 4379, rue Henri Julien, Montréal, Québec, H2W 2K9, EMMANUELLE QUERIDO whose full post office address is 4379, rue Henri Julien, Montréal, Québec, H2W 2K9 (hereinafter collectively referred to as the "Assignors" and individually as the "Assignor") have invented and created an invention entitled "INHIBITORS OF POLYNUCLEOTIDE REPEAT-ASSOCIATED RNA FOCI AND USES THEREOF" and described in International patent application number PCT/CA2013/050730, filed on September 25th, 2013. Each Assignor hereby authorizes and requests his/her patent agent to insert missing information above and information regarding any additional application covering the same invention when known here in parentheses:

(Country _____, Application number _____, filed on _____);
Country _____, Application number _____, filed on _____;
Country _____, Application number _____, filed on _____;
Country _____, Application number _____, filed on _____;
Country _____, Application number _____, filed on _____);

WHEREAS UNIVERSITÉ DE MONTRÉAL, whose full post office address is 2900, Boulevard Édouard-Montpetit, Montréal, Québec, Canada H3T 1J4 (hereinafter referred to as the "Assignee") is desirous of acquiring Assignors' rights, title and interests in and to said invention and in and to any and all patents to be obtained therefore;

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other valuable consideration, the receipt of which is hereby acknowledged, each Assignor has and by the present does hereby sell, assign and transfer unto the Assignee, its successors and assigns, his/her entire rights, title and interests in and to said invention, as described in the aforesaid application, in any form or embodiment thereof, and in and to the aforesaid application; and in and to any applications filed in any foreign country based thereon, including the right to file said foreign applications under the provisions of the International Convention; also his/her entire rights, title and interests in and to any and all patents, reissues or extensions thereof to be obtained in this or any foreign country upon said invention, and any divisional, continuation, continuation-in-part, substitute application(s) or supplementary disclosure(s) which may be filed upon said invention, in any country; and each Assignor hereby authorizes and requests the issuing authority to issue any and all patents on said application or applications to the Assignee.

Each Assignor further agrees, without any payment by the Assignee other than the expenses incurred by the undersigned, to communicate to the Assignee, its representatives or agents, any facts relating to said invention, including evidence for interference purposes or for other proceedings, whenever requested; testify in any interference, litigation or other proceedings, whenever requested; and execute and deliver, on request, all lawful papers required to make any of the foregoing provisions effective, and likewise make these provisions binding upon his/her heirs, legal representatives, administrators and assigns.

The present Assignment of invention is executed *nunc pro tunc* as of September 25th, 2013.

The present Assignment of invention can be signed separately in an unlimited number of distinct copies, all deemed to be originals, but collectively forming one and the same document. Each signed copy can be transmitted by fax or email and that copy as the same effect as an original.

Les soussignés acceptent que la présente cession d'invention soit rédigée en anglais. The undersigned accept that the present Assignment of Invention be drafted in English.
