PATENT ASSIGNMENT

This Assignment is made by and between **Rochal Industries, LLP**, a Florida limited liability partnership, having an address at 12719 Cranes Mill, San Antonio, Texas 78230, United States of America (hereinafter "ASSIGNOR") and **Rochal Industries, LLC**, a Texas limited liability corporation, having an address at 12719 Cranes Mill, San Antonio, Texas 78230, United States of America (hereinafter "ASSIGNEE");

WHEREAS, the ASSIGNOR is the owner in all right, title and interest in and to the Patents as set forth in the attached Appendix A;

WHEREAS, the ASSIGNOR and the ASSIGNEE have entered into an agreement pursuant to which ASSIGNOR has agreed to sell to the ASSIGNEE, and the ASSIGNEE has agreed to purchase from the ASSIGNOR, certain assets, including the Patents; and

WHEREAS, at the time of the Agreement, there have been no previous assignments or transfers of any right, title or interest in and to the Patents by the ASSIGNOR.

NOW, THEREFORE, in view of good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the ASSIGNOR hereby sells, assigns and transfers unto said ASSIGNEE, its successors, assigns and legal representatives, its entire right, title and interest in and throughout the United States of America (including its territories and dependencies) and all countries foreign thereto in and to said Patents including said United States patent application(s), any other United States patent application(s), including provisional, divisional, renewal, substitute, continuation, continuation-in-part, reexamination and reissue applications, and extensions thereof based in whole or in part on said United States patent applications or in whole or in part on said Patents, any foreign applications, including international and regional applications, based in whole or in part on any of the aforesaid United States applications or in whole or in part on said Patents, in and to any and all letters patent, including extensions thereof, of any country which have been or may be granted on any of the aforesaid applications or on said Patents or any part(s) thereof, and in and to any right to claim priority to any of the aforesaid patents and/or patent applications;

AND this Assignment also includes, without limitation, any claims whether known or unknown, and whether suspected or unsuspected, of any nature that ASSIGNOR has or may have against any party for infringement of any of the patents references herein and the right to sue for injunctions and past and future infringement and to recover and retain damages and profits in respect thereof

AND ASSIGNOR hereby authorizes and requests, Duane Morris LLP, whose address is 5100 Town Center Circle, Suite 650, Boca Raton, Florida 33486 to insert hereon any identification necessary or desirable for recordation of this document, including the filing date and application number of said application when known.

AND ASSIGNOR hereby agrees for ourselves and our heirs, executors and administrators to execute without further consideration any further documents and instruments which may be necessary, lawful and proper in the prosecution of said above-referenced application or in the preparation or prosecution of any continuing, substitute, divisional, renewal, reexamination or reissue application or in any amendments, extensions or interference proceedings, or other applications for patents of any region or country, that may be necessary to secure to ASSIGNEE its interest and title in and to said Patent and Invention or any part(s) thereof, and in and to said several patents or any of them;

AND ASSIGNOR hereby covenant for ourselves and our legal representatives, and agree with said ASSIGNEE, its successors and assigns, that we have granted no right or license to make, use, sell or offer to sell said Patent and Invention, to anyone except said ASSIGNEE, that prior to the execution of this deed, its right, title and interest in said Patent and Invention had not been otherwise encumbered, and that we have not and will not execute any instrument in conflict therewith;

AND ASSIGNOR hereby authorizes and requests the United States Commissioner for Patents to issue any and all letters patent which may be granted upon said United States applications, or upon said Patent and Invention or any part(s) thereof when granted, to said ASSIGNEE;

IN WITNESS WHEREOF, we have hereunto set my hand and seal.
