NUNC PRO TUNC PATENT ASSIGNMENT

WHEREAS, Nimbus Water International, Inc., a California corporation, (hereinafter "Assignor"), was the owner of all right title and interest in and to the invention entitled, "Water Purification System Utilizing a Carbon Block Pre-Filter", Application No. 10/949,127, later issuing on September 11, 2007 as United States Patent No. 7,267,769 (hereinafter "the '769 Patent").

WHEREAS, Applied Membranes, Inc., a California corporation (hereinafter "Assignee"), on July 1, 2014, acquired all right, title and interest in and to said invention and all improvements thereon, to the '769 Patent, that may be granted and issued therefor; and Assignor now desires to assign to Assignee, and to make of record, all of Assignor's right, title, and interest in and to said invention and all improvements thereon and any patents that may issue thereon;

NOW, THEREFORE, in consideration of the sum of \$1.00 and other good and valuable consideration, the receipt of which is hereby acknowledged, the Assignor does hereby sell, assign, transfer, and set over unto said Assignee, its successors, legal representatives, and assigns, all of Assignor's right, title, and interest in and to said invention and all improvements thereon, which are disclosed in the invention claimed in the '769 Patent, and all original, reissue or foreign Letters Patent granted thereof, all divisions and continuations thereof, including the subject matter of any and all claims which may be obtained in every such patent, and all foreign rights to said invention, and Assignor covenants that it has full right to do so, and Assignor agrees that it will communicate to said Assignee or its representatives all facts known respecting said invention, whenever requested, and testify in any legal proceedings; and Assignor agrees to execute any further applications or divisions, continuations, or continuations-in-part thereof, and any other documents, now and hereinafter necessary to perfect the rights herein assigned.
