## PATENT ASSIGNMENT

This Patent Assignment is executed by Vortex Innovation Worx (Pty) Ltd (hereinafter "**Vortex**"), a South African private company having a place of business at 4 Paddy Close, Ottery 7908, Cape Town, South Africa.

Stopak (Pty) Ltd (hereinafter "**Stopak**") is a South African private company having a place of business at 4 Paddy Close, Ottery 7908, Cape Town, South Africa. **Stopak** desires to obtain any and all right, title, and interest that **Vortex** has or may have in and to:

- (1) the patents (collectively, the "**Patents**") and the patent applications (collectively, the "**Patent Applications**") listed in Exhibit A attached to this Patent Assignment; and
- (2) any and all inventions disclosed in the **Patents** and the **Patent Applications** (collectively, the "**Inventions**").

For valuable consideration received, **Vortex** hereby sells, assigns, transfers, and sets over unto **Stopak**, its successors, assigns, nominees, and legal representatives any and all right, title, and interest that **Vortex** has or may have in and to the **Patents**, the **Patent Applications**, and the **Inventions** worldwide, to be held and enjoyed by **Stopak**, its successors, assigns, nominees, and legal representatives as fully and entirely as the same would have been held and enjoyed by **Vortex** had this Patent Assignment not been made, including, without limitation:

- (1) any and all right, title, and interest **Vortex** has or may have to make applications for patent that claim priority in whole or in part, directly or indirectly, to any of the **Patents** or the **Patent Applications**;
- (2) any and all right, title, and interest **Vortex** has or may have in and to any patents issuing from the **Patent Applications** and in and to any patents issuing from any applications for patent claiming priority in whole or in part, directly or indirectly, to any of the **Patents** or the **Patent Applications**; and

- (3) any and all rights **Vortex** has or may have to sue for any past, present, and future infringement of the **Patents**, any patents issuing from the **Patent Applications**, and any patents issuing from any applications for patent claiming priority in whole or in part, directly or indirectly, to any of the **Patents** or the **Patent Applications**, including, without limitation, the right to collect and receive any damages, royalties, or settlements for such infringements and the right to sue for injunctive or other equitable relief.

**Vortex** hereby covenants and agrees through its employees, agents, officers, directors, and shareholders that **Vortex** will, upon request of **Stopak**, its successors, assigns, nominees, and legal representatives and without further remuneration, fully cooperate with **Stopak** in procuring any of the **Patent Applications** and any applications for patent claiming priority in whole or in part, directly or indirectly, to any of the **Patents** or the **Patent Applications**.

**Vortex** hereby covenants and agrees through its employees, agents, officers, directors, and shareholders that **Vortex** will, upon request of **Stopak**, its successors, assigns, nominees, and legal representatives and without further remuneration, execute and deliver any papers that may be reasonably necessary to **Stopak's**, its successors', assigns', nominees', and legal representatives' full enjoyment, protection, enforcement, and title in and to the **Patents**, the **Patent Applications**, and the **Inventions**, including, but not limited to, all oaths, declarations, affidavits, and attestations for and related to the **Patents**, the **Patent Applications**, and the **Inventions**.

**Vortex** hereby covenants and agrees through its employees, agents, officers, directors, and shareholders that **Vortex** will, upon request of **Stopak**, its successors, assigns, nominees, and legal representatives and without further remuneration, provide any information, testify in any legal proceeding, and take any other actions that may be reasonably necessary to **Stopak's**, its successors', assigns', nominees', and legal representatives' full enjoyment, protection, enforcement, and title in and to the **Patents**, the **Patent Applications**, and the **Inventions**.
