CONFIRMATORY ASSIGNMENT BY INVENTOR

Whereas: **Brent D. ABRAHAM**, residing at 228 Meadowside Dr.
Vernon, WI
(hereinafter "Assignor") was employed by **Mithridion, Inc.**, a corporation of the State of Wisconsin having its principal place of business at 505 Science Drive, Suite C, Madison, Wisconsin 53711 (hereinafter "Assignee");

Whereas, as part of Assignor's employment agreement, Assignor agreed that inventions made during the course of Assignor's employment with Assignee were assigned to Assignee;

Whereas the Assignor, in the course of his employment invented one or more inventions directed to Cognition Enhancing Compounds and Compositions, Methods of Making, and Methods of Treating (the "Invention(s)"), described in one or more patent applications including U.S. Provisional Patent Application No. 61/403,001, filed September 8, 2010; International Patent Application No. PCT/US2011/050899, filed September 8, 2011; and U.S. Patent Application No. 13/791,251, filed March 8, 2013 (the "Application(s)"); and

Whereas Assignor wishes to confirm and affirm his prior assignment of the Invention(s) to Assignee and in and to any patents (collectively, "Patents") that may be granted for the Invention(s) in the United States or in any foreign countries;

Now therefore, for valuable consideration previously given by Assignee, the receipt and sufficiency of which each Assignor acknowledges, Assignor hereby affirms that he has sold, assigned, and transferred to Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to: the Invention(s), any above-mentioned Application(s) describing the Invention(s), and any Patents issuing thereon; any divisions, continuations, and continuations-in-part of the above mentioned Application(s) and any other application claiming priority rights from the Application(s); any reissues, reexaminations, or extensions of any and all Patents; the right to file foreign applications directly in the name of Assignee; and the right to claim priority rights deriving from the Application (collectively, the "Rights"). Assignor affirms and confirms that he made the assignment at the time the Invention(s) was/were made by virtue of the terms of his employment agreement.

Assignor agrees not to sign any writing or do any act conflicting with this assignment and, without further compensation, sign all documents and do such additional acts as Assignee deems necessary or desirable to: perfect Assignee's enjoyment of the Rights; conduct proceedings regarding the Rights, including any litigation or interference proceedings; and perfect or defend title to the Rights. Assignor requests the Commissioner of Patents to issue any Patent of the United States that may be issued on the Invention(s) to Assignee.
