ASSIGNMENT OF PATENTS

This ASSIGNMENT OF PATENTS (this “Assignment”), dated as of April 29, 2013, is entered into by Samsung Display Co., Ltd., a corporation organized and existing under the laws of the Republic of Korea (the “Assignor”), in favor of Samsung LCD Netherlands R&D Center B.V., a private company (besloten vennootschap) with limited liability incorporated under the laws of the Netherlands (the “Assignee”).

WHEREAS, Assignor and Assignee are parties to that certain Asset Transfer Agreement, dated as of April 23, 2013 (the “Asset Transfer Agreement”), pursuant to which Assignor has agreed to convey, assign, transfer and deliver to Assignee, and Assignee has agreed to accept from Assignor, all of Assignor’s right, title and interest in and to the patents and patent applications listed on Schedule 1 of Annex B thereto (the “Patents”) among other Transferred Assets (as defined in the Asset Transfer Agreement); and

WHEREAS, Assignor desires to convey, assign, transfer and deliver to Assignee all of Assignor’s right, title and interest in and to the Patents, as provided by the Asset Transfer Agreement.

NOW, THEREFORE, in consideration of the foregoing, and for good and valuable consideration as provided herein and in the Asset Transfer Agreement, the receipt and sufficiency of which are hereby acknowledged, Assignor, intending to be legally bound hereby, agrees as follows:

1. Assignment. Assignor does hereby convey, assign, transfer and deliver unto Assignee all of Assignor’s worldwide right, title and interest in, to and under the Patents, any and all continuations, continuations-in-part, divisions, foreign counterparts, reexaminations, reissues, renewals and extensions thereof that may hereafter be secured under the laws now or hereafter in effect in the United States and/or in any other jurisdiction, and together with all rights to sue and recover for any past infringements of any of the Patents, the same to be held and enjoyed by the Assignee, its successors and assigns from and after the date hereof as fully and entirely as the same would have been held and enjoyed by the Assignor had this assignment of the Patents not been made. The foregoing assignment shall include but not be limited to:

- (a) in respect of any application in the Patents:
 - (i) the right to claim priority from, prosecute to grant and obtain any patent or similar protection deriving, from any such application; and
 - (ii) the right to make divisional applications based on any such application and to prosecute to grant and obtain any patent or similar protection deriving from any such divisional application;
- (b) in respect of any invention disclosed in the Patents, the right to make patent applications (including divisionals) and claim priority from, prosecute to grant and obtain patent or similar protection deriving from, any such applications in or in respect of any country or territory in the world;

- (c) the entitlement to any patents granted pursuant to any of the applications comprised in the Patents or made as aforesaid; and
- (d) the right to bring or defend proceedings and obtain relief (and to retain any damages recovered) in respect of any infringement or other cause of action arising from ownership of any of the Patents or any patents deriving from any of the applications in the Patents or filed as aforesaid, whether occurring before, on or after the date of this Assignment.

2. Further Assurances. Assignor further agrees, without further consideration, to cooperate with the Assignee and to execute and deliver, or cause to be executed and delivered, all such other instruments, including instruments of conveyance, assignment and transfer, and to take all such other actions as the Assignee may reasonably request from time to time, consistent with the terms of this Assignment and the Asset Transfer Agreement, in order to effectuate the provisions and purposes of this Assignment and the transactions contemplated hereby and to permit Assignee to be duly recorded as the registered owner and proprietor of the rights hereby conveyed.

3. Counterparts; Effectiveness. This Assignment may be executed and delivered in one or more counterparts, each of which shall be deemed to be an original but all of which together shall constitute one and the same agreement.

4. Headings. The headings contained in this Assignment are included for convenience of reference only and shall not affect in any way the meaning or interpretation of this Assignment.

5. Governing Law. This Assignment shall be governed by, and construed in accordance with, the laws of New York, U.S.A., without any regard to conflict of laws principles thereof.

6. Severability. If any term or other provision of this Assignment is invalid, illegal or incapable of being enforced by any rule of law, or public policy, all other conditions and provisions of this Assignment shall nevertheless remain in full force and effect as long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner adverse to either party. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties shall negotiate in good faith to modify this Assignment so as to effect the original intent of the parties to the fullest extent possible.

[Remainder of Page Intentionally Left Blank]

IN WITNESS WHEREOF, the Assignor has entered into and signed this Assignment as of the date and year first above written.
