ASSIGNMENT

WHEREAS, Wastewater Technology, Inc., a Virginia corporation having a principal place of business at 6352 Mill Gap Road, Monterey, VA 24465, is the assignee of the following United States patents, patent applications and International applications designating the United States described in Appendix A and the following foreign patents and patent applications described in Appendix B (hereinafter collectively the "Patent Properties").

AND, WHEREAS, Grouse Mountain, Inc., a Virginia corporation a corporation having a place of business located at 6352 Mill Gap Road, Monterey, VA 24465 (hereinafter "ASSIGNEE"), is desirous of acquiring certain rights to the Patent Properties including all patents and patent applications identified in Appendices A and B;

NOW, THEREFORE, in view of good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Wastewater Technology, Inc. does hereby sell, assign and transfer unto said ASSIGNEE, its successors, assigns and legal representatives, its entire right, title and interest in and throughout the United States of America (including its territories and dependencies) and all countries foreign thereto in and to said Patent Properties including said United States patent application(s), any other United States patent application(s), including provisional, divisional, renewal, substitute, continuation, reexamination and reissue applications, based in whole or in part on said United States patent application or in whole or in part on said Patent Properties, any and all foreign applications, including international and regional applications, based in whole or in part on any of the aforesaid United States applications or in whole or in part on said Patent Properties, in and to any and all letters patent, including extensions thereof, of any country which have been or may be granted on any of the aforesaid applications or on said Patent Properties or any part(s) thereof, and in and to any rights of priority and any right to claim priority to any of the aforesaid patents and/or patent applications including any right to sue for, and collect past damages for patent infringement and/or royalties for licensing;

AND WE hereby authorize and request our attorneys, Novak, Druce & Quigg LLP, whose address is 1300 I Street, N.W., Suite 1000 West Tower, Washington, D.C. 20005, to insert hereon any identification necessary or desirable for recordation of this document, including the filing date and application number of said application when known, and to execute any and all documents necessary to record this assignment in the United States and all countries foreign thereto.

AND WE hereby agree for ourselves and our heirs, executors and administrators to execute without further consideration any further documents and instruments which may be necessary, lawful and proper in the prosecution of said above-referenced application or in the preparation or prosecution of any continuing, substitute, divisional, renewal, reexamination or reissue application or in any amendments, extensions or interference proceedings, or other applications for patents of any region or country, that may be necessary to secure to ASSIGNEE its interest and title in and to said Invention or any part(s) thereof, and in and to said several patents or any of them;
