I acknowledge the duty to disclose information which is material to the patentability as defined in 37 CFR 1.56, including continuation-in-part applications, material information which became available between the filing date of the prior application and the national or PCT international filing date of the continuation-in-part application.

ASSIGNMENT OF RIGHTS AND AGREEMENT:

WHEREAS, as a below named inventor, I hereby declare that I have invented certain new and useful improvements described in the application identified; and

WHEREAS, LoveU Publishing LLC, a limited liability company organized and existing under the laws of California, having its principal place of business at 13217 Jamboree Road, Suite 237, Tustin, California 92782 (hereinafter referred to as "ASSIGNEE"), is desirous of acquiring my entire right, title and interest in and to the invention, and in and to the said application and any Letters Patent that may issue thereon;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I do hereby sell, assign and transfer unto ASSIGNEE, its successors, assigns and legal representatives my entire right, title and interest in and to said invention and in and to said applications and all patents which may be granted therefore, and all provisionals, nonprovisionals, continuations, continuations-in-part, divisionals, designs, appeals, reissues, substitutions and extensions thereof, and I hereby authorize and request the Commissioner of Patents and Trademarks to issue all patents for said invention, or patents resulting therefrom, insofar as my interest is concerned, to the said ASSIGNEE of my entire right, title and interest.
