ASSIGNMENT

This ASSIGNMENT, dated and effective as of the last date of signing by the Parties, is made by:

LUCIEN C. DUCRET, an individual having a residence at 9 Tod's Driftway, Old Greenwich, Connecticut 06870 ("Ducret") and sole owner U.S. Patent Application No. 13/136,928, filed August 16, 2011, (the "Patent Application") and sole inventor of the subject matter claimed therein; and

DCL TECH, INC., formerly known as SEATEK CO., INC. ("Seatek"), a corporation organized under the laws of Connecticut and having a place of business at 392 Pacific Street, Stamford, Connecticut 06902 ("DCL").

DUCRET and DCL shall be collectively referred to herein as the "Parties."

WITNESSETH

WHEREAS, DUCRET was an employee and President of Seatek, and is currently an employee and President of DCL, and is and was obligated to assign the inventions claimed in the Patent Application to Seatek;

WHEREAS, Seatek has executed an "*Asset Purchase Agreement*" and related documents with SOUTHWIRE COMPANY, LLC ("Southwire") in which all right, title and interest in and to certain "Intellectual Property", as defined therein, was transferred to and is obligated to be transferred to Southwire;

WHEREAS, it has been determined that the Patent Application, which comprises part of the Intellectual Property, was heretofore neither assigned nor of record as having been assigned by Ducret to Seatek; and

WHEREAS, the Parties understand and agree that they have ongoing obligations to execute and deliver any documents that may be reasonably necessary to complete and ultimately effectuate the transfer of the Patent Application to Southwire.

NOW, THEREFORE, in furtherance of the Parties ongoing obligations to execute and deliver any documents that may be reasonably necessary to complete and effectuate the transfer of the Patent Application to Southwire, for good and valuable consideration, the receipt of which is hereby acknowledged by the Parties, the Parties agree as follows:

1. As for Ducret, Ducret by these presents does hereby sell, assign and transfer to DCL, for the United States and all countries worldwide, the entire right, title and interest in and to the Patent Application and all inventions and discoveries disclosed therein; together with the entire right, title and interest in and to all continuations, divisions, reissues, reexaminations, revivals, renewals, substitutions, supplemental examinations and extensions of the Patent Application; together with all rights of priority and with the right to recover all damages, including, but not limited to, a reasonable royalty, by reason of past, present, or future infringement or any other violation of any patent issued from the Patent Application or any continuations, divisions, reissues, reexaminations, revivals, renewals, substitutions, supplemental examinations and extensions of the Patent Application; to have and to hold for the sole and exclusive use and benefit of DCL, its successors and assigns, to the full end of the term or terms for all such patents; and

2. As for DCL, DCL, formerly known as Seatek, by these presents does hereby sell, assign and transfer to Southwire, for the United States and all countries worldwide, the entire right, title and interest in and to the Patent Application and all inventions and discoveries disclosed therein; together with the entire right, title and interest in and to all continuations, divisions, reissues, reexaminations, revivals, renewals, substitutions, supplemental examinations and extensions of the Patent Application; together with all rights of priority and with the right to recover all damages, including, but not limited to, a reasonable royalty, by reason of past, present, or future infringement or any other violation of any patent issued from the Patent Application or any continuations, divisions, reissues, reexaminations, revivals, renewals, substitutions, supplemental examinations and extensions of the Patent Application; to have and to hold for the sole and exclusive use and benefit of Southwire, its successors and assigns, to the full end of the term or terms for all such patents.

3. The Patents include all right, title and interest in and to the patents identified in Table I below, including any patents that may be granted anywhere in the world originating from or claiming priority to the Patents, including any and all continuations, divisions, reissues, reexaminations, revivals, renewals, substitutions, supplemental examinations and extensions of the Patents.
