**DECLARATION AND ASSIGNMENT FOR UTILITY OR DESIGN APPLICATIONS
USING AN APPLICATION DATA SHEET (37 CFR 1.76)**

**Title of Invention: CONTINUOUS LIQUID FUEL PRODUCTION METHODS,
SYSTEMS, AND DEVICES**

As the below named inventors, we hereby declare that:

This declaration is directed to United States Application Numbers 14/638,959
14/638,992 filed on March 4, 2015.

The above-identified applications were made or authorized to be made by us.

We believe that we are the original inventor or an original joint inventor of a claimed
invention in the applications.

WHEREAS, Samuel C. Weaver of 12100 Channel Point Dr, Knoxville, TN, 37922;
Daniel L. Hensley of 12300 Todwick Lane, Knoxville TN, 37935; Samuel P. Weaver of
2423 23rd St, Boulder, CO, 80304; and Daniel C. Weaver of 5190 Ingersoll Place,
Boulder, CO, 80303; hereinafter referred to as "Assignors", are the inventors described
and set forth in the above-identified applications for United States Letters Patent.

WHEREAS, Proton Power, Inc, located at 487 Sam Rayburn Parkway, Lenoir City, TN,
37771, hereinafter referred to as "Assignee," is desirous of acquiring an interest in the
invention and applications and in any U.S. Letters Patent and Registrations which may
be granted on any patent application claiming priority from the same.

For good and valuable consideration, receipt of which is hereby acknowledged by
Assignors, Assignors have assigned, and by these presents do assign to Assignee all
right, title and interest in and to the invention and applications and to all foreign
counterparts (including patent, utility model and industrial designs), and in and to any
Letters Patent and Registrations which may hereafter be granted on any patent
application claiming priority from the same in the United States and all countries
throughout the world, and to claim the priority from the applications as provided by the
Paris Convention. The right, title and interest is to be held and enjoyed by Assignee
and Assignee's successors and assigns as fully and exclusively as it would have been
held and enjoyed by Assignors had this assignment not been made, for the full term of
any Letters Patent and Registrations which may be granted thereon, or of any division,
renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation
or extension thereof.

Assignors further agree that Assignors will, without charge to Assignee, but at
Assignee's expense, (a) cooperate with Assignee in the prosecution of U.S. Patent
applications and foreign counterparts on the invention and any improvements, (b)
execute, verify, acknowledge and deliver all such further papers, including applications
and instruments of transfer, and (c) perform such other acts as Assignee lawfully may

request to obtain or maintain Letters Patent and Registrations for the invention and improvements in any and all countries, and to vest title thereto in Assignee, or Assignee's successors and assigns.

We hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.
