WHEREAS, the ASSIGNEE was desirous of acquiring, and as of the date of invention of the Invention, did acquire all of the ASSIGNEE's right, title and interest for, in and to, including, without limitation: (i) the Invention worldwide; (ii) any and all applications for Letters Patent for the Invention in all countries and jurisdictions and under all conventions and treaties, including the right to claim for any and all applications any priority rights to which such applications are entitled under conventions, treaties or otherwise, and all divisions, extensions, continuations, continuations-in-parts, provisionals, non-provisionals, substitutions, and renewals thereof; and (iii) all Letters Patent which may be granted therefor in any and all countries and jurisdictions, and any renewals, reissues, re-examinations or extensions of the Letters Patent (collectively, the "Patent Rights").

WHEREAS, the ASSIGNEE now wishes to confirm that it owns all right, title and interest for, in and to the Patent Rights.

And for said consideration, it was covenanted and agreed that at the request of the ASSIGNEE, its successors, assigns, nominees and legal representatives, the ASSIGNOR would execute any further papers and do such other acts and things as may be necessary and proper to procure any Letters Patent for the inventions in all countries as the ASSIGNEE, its successors, assigns, nominees and legal representatives may elect, and vest the full title thereto in the ASSIGNEE, its successors and assigns.

The ASSIGNOR hereby covenants that he has not executed and will not execute any agreement or assignment in conflict herewith, and further covenant and agree, each time a request is made, and without delay, to do such acts, and execute such further documents, agreements and assurances, that the ASSIGNEE, its successors, assigns, nominees and legal representatives may, in their absolute discretion, request, in order to protect, perfect, maintain and enforce the Patent Rights herein.
