We further authorize the Assignee, its successors, assigns, nominees, or other legal representatives, to prepare, apply for, and obtain any future patent applications for the Subject Invention on our behalf. We hereby authorize and request the Commissioner of Patents and Trademarks of the United States, and any official of any other country or countries foreign to the United States whose duty it is to issue patents on applications as aforesaid, to issue said Letters Patent, Registered Design or Utility Model Registration to the Assignee, its successor, assigns, nominees, or other legal representatives, as assignee of the entire interest herein assigned.

We covenant that we have not executed and will not execute any agreement in conflict herewith and agree that we will communicate to the Assignee, its successors, assigns, nominees, or other legal representatives, all facts known to us respecting said invention, whenever requested, and testify in any legal proceedings, sign all lawful papers, execute all non-provisional, divisional, continuing, and reissue applications, make all rightful oaths, and do all lawful acts requisite for the application for such non-provisional, divisional, continuing, or reissue applications, or the procuring thereof, and that if and when the Assignee, its successors, assigns, nominees, or other legal representatives desire to file a disclaimer relating thereto, we will, upon request, sign all lawful papers requisite for the filing of such disclaimer.

We further covenant and agree that we will, at any time upon request, do everything legally possible to aid the Assignee, its successors, assignees, nominees, or other legal representatives, either in its or their own names, to apply for, obtain, and enforce proper patent, registered design and/or Utility Model protection for said invention in all countries, all without further consideration but at the expense of the Assignee, its successors, assigns, nominees, or other legal representatives.

Declaration of Inventorship: I hereby covenant that the Subject Application was made or authorized to be made by me, and that I am the joint inventor of a claimed invention in the Subject Application. Further, I hereby acknowledge that, pursuant to 35 U.S.C. § 115(i), any willful false statement made in this paragraph is punishable under section 1001 of title 18 by fine or imprisonment of not more than 5 years, or both.
