ASSIGNMENT

In consideration of good and valuable consideration, the receipt of which is hereby acknowledged, we, the undersigned inventor(s):

Eric Marcoux; Gabriel Corbeil

hereby sell, assign, and transfer to:

US LED, Ltd.

a Texas limited liability partnership, having a principal place of business at 6807 Portwest Drive, Houston, Texas 77024 USA ("Assignee"), and its successors, assigns, and legal representatives, the entire right, title, and interest for the United States and all other countries, in and to any and all inventions and improvements that are disclosed in the application for the patent entitled:

LENS FOR A LIGHT EMITTING DIODE

(I hereby authorize and request any attorney having appropriate authority from the assignee to insert on the designated lines below, the filing date and application number of the application when known.)

which was filed on April 21, 2016 as
U.S. Application Number 29/562,022 and
COUNTRY or International Office

which has been executed by the undersigned prior hereto or concurrently herewith on the date(s) indicated below,

and in and to the application and all Additional Applications, and all other patent applications that have been or shall be filed in the United States and all other countries and international filing offices on any of the inventions and improvements; and in and to all original and reissued patents that have been or shall be issued in the United States and all other countries and international filing offices on the inventions and improvements; and in and to all rights of priority resulting from the filing of the applications; as used herein "Additional Applications" includes but is not limited to design, utility, utility model, divisional, continuing, continuation-in-part, substitute, renewal, reissue, and national phase applications on the inventions and improvements;

and agree that the Assignee may apply for and receive a patent or patents for the inventions and improvements in its own name; and that, when requested, without charge to, but at the expense of, the Assignee, its successors, assigns, and legal representatives, to carry out in good faith the intent and purpose of this Assignment, the undersigned will execute all Additional Applications, and all other patent applications on any and all the inventions and improvements; execute all rightful oaths, assignments, powers of attorney, and other papers; communicate to the Assignee, its successors, assigns, and legal representatives all facts known to the undersigned relating to the inventions and improvements and the history thereof; and generally assist the Assignee, its successors, assigns, or legal representatives in securing and maintaining

proper patent protection for the inventions and improvements and for vesting title to the inventions and improvements, and all applications for patents and all patents on the improvements, in the Assignee, its successors, assigns, and legal representatives; and

covenant with the Assignee, its successors, assigns, and legal representatives that no assignment, grant, mortgage, license, or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.
