ASSIGNMENT OF INVENTION

WHEREAS, we, Dr. Adiel Tel-Oren a citizen of United States of America and a resident of the State of Wisconsin, and Manuel Lago Granger a citizen of Spain and a resident of Columbia, hereinafter referred to as "Inventors", have invented certain new and useful inventions and improvements for which we have filed/are filing an application for Letters Patent of the United States:

Title of Invention: MODULAR BUILDING WINDOW PANEL;

*Application Serial No.: _____;

*Date Oath Executed: April __, 2016; and

*Filing Date: _____.

(Data not known at execution of this agreement may be added for better identification.)

WHEREAS, Inventors affirmatively state, represent and admit that we have full right to convey the entire right, title and interest herein assigned, and that we have not executed and will not execute any agreements in conflict herewith; and

WHEREAS, BIOTEKT USA, LLC, a Florida Limited Liability Company having its registered office located at N9564 County Road G, Colfax, WI 54730 hereinafter referred to as "Assignee" is desirous of acquiring the entire right, title and interest in and to the above-entitled invention, and applications for patent, and to any Letters Patent that may be granted thereon in the United States and in any and all foreign countries.

NOW, THEREFORE, in consideration of One Dollar and other good and valuable consideration, the receipt of which is hereby acknowledged, we the Inventors, by these presents, have sold, assigned and transferred, and do hereby sell, assign and transfer unto Assignee the full and exclusive right, title and interest, both legal and equitable, for all countries including the United States, its Territories, and Possessions, in and to the invention and improvements thereof disclosed in the above entitled invention, including all applications for patent, and all Letters Patent, reissues or reexaminations issuing thereon, and any continuation, continuation in part, or division of said application and any reissue or extension of said Letters Patent, any of which may be granted therefrom in any and all countries; further including any and all applications which have been filed or shall be filed in any foreign countries for Letters Patent on the inventions and improvements, including an assignment of all rights under the

provisions of the International Convention, and all Letters Patent of foreign Countries which may be granted therefrom; the same to be held and enjoyed by Assignee for its own sole use and behoof, and for the use and behoof of its successors, assigns, or other legal representatives, to the full end of the term or terms for which said Letters Patent are granted or reissued as fully and entirely as the same would have been held by Inventors had this assignment and sale not been made; together with all claims for damages, with the right to sue for, and collect the same; and we do hereby authorize and request the Commissioner of Patents and Trademarks to issue any and all United States Letters Patent for the aforesaid inventions and improvements to the Assignee as the assignee of the entire right, title and interest in and to the same, for the use of the Assignee, its successors and assigns.

FURTHER, Inventors hereby represent, warrant and covenant that no assignment, license, transfer, conveyance or agreement for any of the foregoing have been made affecting, including or involving any rights or ownership interest in the same; and

FURTHER, Inventors agree to provide any further information within our knowledge, and to execute any further documents necessary to the prosecution of patent applications on the invention, the prosecution and settlement of interferences, and recording of title to patent applications and patents issuing thereon.
