PATENT ASSIGNMENT AGREEMENT

This RECORDABLE PATENT ASSIGNMENT AGREEMENT (this "Agreement") is made and entered into as of this 28th day of February, 2014, by and between FMC Corporation, a Delaware corporation (the "Assignor") and PeroxyChem LLC, a Delaware corporation (the "Assignee").

RECITALS

WHEREAS, Assignor, Assignee and the other parties thereto have entered into the Sale and Purchase Agreement, dated as of December 13, 2013 (the "Purchase Agreement"), pursuant to which Assignee has acquired all of Assignor's right, title and interest in and to the Business Intellectual Property Rights (as defined in the Purchase Agreement), including without limitation those Patents (as defined in the Purchase Agreement) and Patent applications that are listed in Schedule A hereto (collectively, the "Assigned Patents").

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor and Assignee each hereby agree as follows:

1. Assignment. Assignor has pursuant to the Purchase Agreement and hereby does sell, assign, transfer, convey and deliver to Assignee and its successors and assigns, and Assignee hereby accepts from Assignor, all of Assignor's right, title and interest in, to and under the Assigned Patents, together with the right to sue and recover damages for future, present and past infringements of the Assigned Patents. This Assignment is intended to be an absolute assignment. Assignor hereby requests the United State Commissioner of Patents and Trademarks to record Assignee as the assignee and owner of the Assigned Patents.

2. Further Assurances. Assignor agrees to execute and deliver such other documents which Assignee, its successors and assigns may reasonably request to record the assignment of the Assigned Patents to Assignee worldwide.

3. Miscellaneous. This Agreement shall be governed by, and construed in accordance with, the laws of the Commonwealth of Pennsylvania, without giving effect to any choice of law or conflicts of law provision that would cause the application of the laws of any jurisdiction other than the Commonwealth of Pennsylvania. This Agreement may not be supplemented, altered or modified in any manner except by a writing signed by each party hereto. The failure of any party to enforce any terms or provisions of this Assignment shall not waive any of its rights under such terms or provisions. This Agreement shall bind and inure to the benefit of the respective parties and their assigns, transferees and successors. This Agreement and any amendments hereto may be executed in one or more counterparts, each of which shall be deemed an original but all of which together will constitute on and the same instrument.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date and year first above written.
