## PATENT ASSIGNMENT

**WHEREAS**, I, **Cory Doyle Adams**, having a business address of 4200 E. 135<sup>th</sup> Street, Grandview, Missouri 64030 (referred to hereinafter as "Assignor"), has contributed to certain new and useful improvements in REVERSIBLE MOUNTING FLANGE AND METHODS OF MANUFACTURE AND USE (referred to hereinafter as "Invention") as disclosed and described in U.S. Patent Application No. 15/061,642 filed March 4, 2016 (referred to hereinafter as "Application"); and

**WHEREAS**, Peterson Manufacturing Company, a corporation organized and existing under the laws of the State of Missouri, together with any successors, assigns and legal representatives thereof (hereinafter, called the "Assignee") is desirous of acquiring the entire right, title and interest, for all countries, in and to said Application and any and all Letters Patent which may be granted for or upon said Invention in the United States of America and all countries foreign thereto.

**NOW, THEREFORE**, to all whom it may concern, be it known that for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, transfers and conveys unto Assignee the entire right, title and interest of such Assignor in and to said Invention and said Application, and all non-provisionals, divisionals, continuations, continuations-in-part, refilings, renewals, substitute and reissue applications thereof, and any and all Letters Patent of the United States which may be granted thereon, and all reissues, reexaminations, and extensions thereof, and all priority rights under all available international agreements, treaties and conventions for the protection of intellectual property in its various forms in every participating country, and all applications for Letters Patent or other grants of protection of proprietary rights including, but not limited to, inventor's certificate, utility model, utility certificate, patent of importation, registration of patent and industrial design registration which may be filed, and which may be granted, upon said Invention in any countries or regions foreign to the United States, and all reissues, renewals and extensions thereof; and Assignor hereby authorizes and requests the Commissioner for Patents and Trademarks of the United States, and all officials of countries or regions foreign to the United States having authority so to do, to issue all such Letters Patent or other grants of protection upon said Inventions to the Assignee or to such nominees as it may designate;

**AND** Assignor hereby authorize and empower the Assignee or nominees to invoke and claim for any application for such Letters Patent or other grants of protection for said Inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by a convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from such Assignor;

**AND** Assignor hereby consents that a copy of this Assignment shall be deemed a full and formal equivalent of any assignment, consent to file or like document which may be required in any country or region for any purpose and more particularly in proof of the right of the Assignee or nominees to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it;

**AND** Assignor hereby covenants that such Assignor has the full right to convey the right, title and interest herein assigned and that such Assignor has not executed and will not execute any agreement in conflict herewith;

**AND** Assignor hereby covenants and agrees that such Assignor will communicate to Assignee or nominees all facts known to such Assignor pertaining to the Invention, and testify in all legal proceedings, sign all lawful papers, execute all non-provisionals, divisionals, continuations, continuations-in-part, refilings, renewals, substitute and reissue applications, make all rightful oaths and declarations and in general perform all lawful acts necessary or proper to aid Assignee or nominee in obtaining, maintaining and enforcing all lawful patent or other grants of protection of the Inventions in any and all countries and regions.

**IN WITNESS WHEREOF**, this Assignment is executed by Assignor on the date opposite the signature of Assignor.
