Title: INJECTABLE BIODEGRADABLE  
PARTICLES

John O'Gara

Date

13 Apr. 1 2016

WHEREAS, the undersigned, John O'Gara, is a resident of the State of Massachusetts and having in and to the State of Massachusetts, U.S.A. (hereinafter referred to as the "Assignor"), certain rights in and to the invention described in U.S. Patent Application No. 12/881,152, filed in the United States Patent and Trademark Office (USPTO) on May 10, 2012 (hereinafter referred to as the "Invention"), and

NOW, THEREFORE, in order to give good and valuable consideration, the undersigned hereby assigns, transfers, conveys, and otherwise disposes of all his right, title, and interest in and to the Invention, including all inventions disclosed or claimed in the above identified patent application, including any improvements therein, any corresponding foreign applications (e.g., provisional, non-provisional, divisional, continuation-in-part, re-examination, and/or second-stage), any corresponding foreign applications, all patents resulting therefrom, or other patent applications based on or claiming priority to the above identified patent application, and all right, title, and interest under any applicable treaty or convention, to the USPTO (or foreign equivalent thereof) to issue any patent for the Invention (hereinafter referred to as the "Assignment")

I, the undersigned, the Assignor, do hereby certify that the foregoing is a true and correct statement of the facts and circumstances relating to the Assignment, and that the Assignment is in full compliance with all applicable laws and regulations.

I represent to the Assignee that I have not and shall not execute any writing or do any act whatsoever conflicting with this Assignment, I agree that I shall, without additional consideration, but at the expense of the Assignee, to provide additional written statements necessary to maintain this Assignment in force, to execute all necessary documents, assignments, powers of attorney and other papers necessary to perfect and vest title to the right assigned herein to the Assignee, and all related matters in filing, obtaining, maintaining, and enforcing any patent for similar legal protection on the Invention - any and all countries.

I have reviewed and understand the contents of the above identified patent application including the claims, and I believe I am an original joint inventor of a claimed invention in the above identified patent application. The above identified patent application was made or authorized to be made by me, I am aware of and acknowledge my duty to disclose to the USPTO all information known to me to be material to the patentability of the claims in the above identified patent application. I acknowledge that any written statement made in this declaration is made under 35 U.S.C. 1011 by me or my assignment to not more than five (5) years or less.

## ASSIGNMENT

1/WHEREAS, I, John O'Gara, have invented certain new and useful improvements as described in U.S. patent application, entitled **INJECTABLE BIODEGRADABLE PARTICLES**, the application having been executed on even date herewith, and/or being identified in the United States Patent and Trademark Office ("USPTO") by Application No. **13/545,084**, filed **July 10, 2012** ("Invention"); and

WHEREAS, **Boston Scientific Scimed, Inc.**, a Corporation of the State of Minnesota, and having an address of One Scimed Place, Maple Grove, MN 55311-1566, U.S.A. (together with its successors and assigns, the "Assignee"), seeks to memorialize its ownership of the entire right, title and interest in and to the Invention;

NOW, THEREFORE, in exchange for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, I transfer to Assignee my entire right, title, and interest in and to the Invention, including all inventions disclosed or claimed in the above-identified patent application, including any improvements thereof, any corresponding domestic applications (e.g., provisional, non-provisional, divisional, continuation, continuation-in-part, reexamination, and/or reissue patent), any corresponding foreign applications, all patents issuing thereon, or other patent application based off or claiming priority to the above-identified patent application, and all rights and benefits under any applicable treaty or convention. I authorize the USPTO (or foreign equivalent thereof) to issue any patent (or similar legal protection) to the Assignee.

I authorize the Assignee to insert in this instrument the filing date and application number of the application when ascertained. I hereby authorize the Assignee (or its designee) to apply for patent (or similar legal protection) in its own name if desired, in any and all countries.

I represent to the Assignee that I have not and shall not execute any writing or do any act whatsoever conflicting with this Assignment. I agree when requested, without additional consideration, but at the expense of the Assignee, to provide additional reasonable assistance necessary to memorialize this assignment, to execute all oaths, declarations, assignments, powers of attorney and other papers necessary to perfect and vest title to the rights assigned herein to the Assignee; and will render all assistance in filing, obtaining, maintaining, and enforcing any patent (or similar legal protection) on the Invention in any and all countries.

## DECLARATION

I have reviewed and understand the contents of the above-identified patent application including the claims, and I believe I am an original joint inventor of a claimed invention in the above-identified patent application. The above-identified patent application was made or authorized to be made by me. I am aware of and acknowledge my duty to disclose to the USPTO all information known to me to be material to patentability of the claims in the above-identified patent application. I acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.
