RELEASE OF PATENT SECURITY INTEREST

This RELEASE OF PATENT SECURITY INTEREST dated as of May 24, 2016 (this “Release”), is made by WILMINGTON TRUST, NATIONAL ASSOCIATION (as successor by merger to Wilmington Trust FSB), in its capacity as collateral agent (the “Releasor”), in favor of HEXION INC. (formerly known as MOMENTIVE SPECIALTY CHEMICALS INC.), (“Hexion”).

WHEREAS, pursuant to and as set forth in the document recorded with the United States Patent and Trademark Office on July 24, 2015 in Reel 36177, Frame 574 (the “Patent Security Agreement”), Hexion pledged to Releasor, its successors and permitted assigns, a security interest (referred to in this Release as the “Security Interest”) in all right, title and interest in or to any and all of the following assets and properties then owned or at any time thereafter acquired by Hexion or in which Hexion then had or at any time in the future may acquire any right, title or interest:

(a) all patents of the United States of America and all applications for patents of the United States of America, including those listed on Schedule I hereto (such patents listed on Schedule I, the “Released IP Collateral”), and (b) all reissues, continuations, divisions, continuations-in-part or extensions thereof, and the inventions disclosed or claimed therein.

WHEREAS, Releasor has agreed to terminate and release all of its right, title and interest in or to all such Released IP Collateral, including the Security Interest.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged:

1. Release of Lien. The Releasor, hereby (i) unconditionally, irrevocably and absolutely terminates, extinguishes, cancels, releases and forever discharges its Security Interest and all of its right, title and interest in or to the Released IP Collateral, whether granted pursuant to the Patent Security Agreement or any other agreement or document delivered in connection with the Patent Security Agreement, (ii) terminates the Patent Security Agreement and any other agreement or document delivered in connection with the Patent Security Agreement and (iii) reassigns to Hexion any and all right, title and interest (if any) that the Releasor may have in or to any of the Released IP Collateral (including any goodwill associated therewith), together with all rights to sue or to recover, at law or in equity, for any past, present or future infringement, dilution, misappropriation or other violation of the Released IP Collateral and all rights to any income, royalties, and proceeds arising from or with respect thereto. Except as expressly stated herein, no other right, title, interest, lien, security interest, assignment, indemnity or guarantee is hereby released, terminated, retransferred or reassigned.

2. Authorization to Record. The Releasor authorizes and requests that the United States Patent and Trademark Office and any applicable government officer record this Release.

3. Further Assurances. The Releasor agrees to cooperate with Hexion and, solely at the expense of Hexion, to provide Hexion with such information and additional authorization and to execute and deliver to Hexion such additional instruments and to take such action, in each case, as Hexion may reasonably request or as may be desirable to effect and record the release of the Releasor's Security Interest in or to the Released IP Collateral.

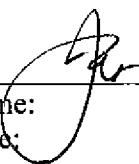

4. Governing Law. This Release shall be construed in accordance with and governed by the laws of the State of New York.
