ASSIGNMENT

1. **WHEREAS, I,** James E. Ealer, Sr. of St. Clair, Missouri (hereinafter referred to as "Assignor"), am the owner of the entire right, title and interest in and to certain United States patents and United States patent applications and the inventions disclosed therein;

2. **AND WHEREAS,** E-Z Products, LLC of St. Clair, Missouri, a limited liability corporation duly organized and existing under the laws of the State of Missouri (hereinafter referred to as "Assignee"), is desirous of acquiring certain rights thereunder;

3. **NOW, THEREFORE,** in consideration of the sum of one dollar (\$1.00) and other good and valuable consideration by Assignee to Assignor in hand paid, receipt of all of which is hereby acknowledged, Assignor has agreed to and do hereby sell, assign and transfer unto said corporation his entire right, title and interest in and to said inventions, said United States patents, said United States applications, any other United States applications (including provisional, non-provisional, divisional, continuing or reissue applications) based in whole or in part on said United States patents or United States applications or in whole or in part on said inventions, any foreign applications based in whole or in part on any of the aforesaid United States patents or United States applications or in whole or in part on said inventions, and any and all patents (including extensions thereof) of any country which have been or may be granted on any of the aforesaid applications or on said inventions or any part thereof;

4. **TO BE HELD AND ENJOYED BY** said corporation, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by said Assignor had no sale and assignment of said interest been made;

5. **AND** so far as said Assignor's interest is concerned Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States of America to issue any and all United States patents which may be granted upon said United States applications or any of them, or upon said inventions or any part thereof, to said corporation;

6. **AND** Assignor hereby jointly and severally agrees to execute without further consideration any further lawful documents and any further assurances, and any provisional, non-provisional, divisional, continuing, reissue, or other applications for patents of any country, that may be deemed necessary by said corporation fully to secure to said corporation its interest as aforesaid in and to said inventions or any part thereof, and in and to said several patents or any part thereof;

7. **AND** Assignor hereby jointly and severally covenants that Assignor has granted no right or license to make, use or sell said inventions, to anyone except said corporation, that prior to the execution of this deed Assignors' right, title and interest in said inventions had not been otherwise encumbered, and that Assignors have not executed and will not execute any instrument in conflict herewith.
