CONFIRMATORY ASSIGNMENT OF PATENT RIGHTS

For valuable consideration, the receipt and sufficiency of which is hereby acknowledged, on this 17 day of May, 2016, Xerox Business Services, LLC, A Delaware limited liability company with offices at 2828 North Haskell Avenue, Dallas, TX 75204, ("Assignor"), to ensure that the Quitclaim Assignment dated 06 May 2016 (the "Original Assignment"), is completed, hereby sells, assigns, and transfers to Xerox Corporation, a New York corporation with offices at 45 Glover Avenue, Norwalk, CT 06856 ("Assignee"), the full extent of all right, title, and interest in and to any and all of the following (collectively, the "Rights"):

1. The patent listed in the table below and all inventions claimed or described therein (referred to herein as the "Patent");
2. All rights with respect to all U.S. patents or other governmental grants or issuances that may be granted from any direct or indirect divisionals, continuations, continuations-in-part, or other patent applications claiming priority rights from the Patent ("Potential Patents");
3. All reissues, reexaminations, extensions, or registrations of the Patent or Potential Patents;
4. All non-United States patents, patent applications, and counterparts claiming priority from any or all of the Patent, or Potential Patents, including, without limitation, certificates of invention, utility models, industrial design protection, design patent protection, and other governmental grants or issuances ("Foreign Rights");
5. The right to claim priority rights deriving from the Patent; and
6. All causes of action and remedies related to the Patent, Potential Patents, or Foreign Rights (including, without limitation, the right to sue for past, present, or future infringement, misappropriation or violation of rights related to any of the foregoing and the right to collect royalties and other payments under or on account of any of the foregoing).

This Confirmatory Assignment of Patent Rights (the "Assignment") is made fully effective on the date of the Original Assignment, thereby confirming the Assignor's intent to transfer all of the Rights as of that date.

Assignor will not sign any writing or do any act conflicting with this Assignment, and, without further compensation, will sign all documents and do such additional acts as Assignee, its successors, legal representatives, and assigns deem necessary or desirable to perfect enjoyment of the Rights, conduct proceedings regarding the Rights (including any litigation or interference proceedings), or perfect or defend title to the Rights. Assignor requests the respective patent office or governmental agency in each jurisdiction to issue any and all patents, certificates of invention, utility models, or other governmental grants or issuances that may be granted upon any of the Rights in the name of the Assignee, as the assignee to the entire interest therein.

The terms and conditions of this Assignment will inure to the benefit of Assignee, its successors, legal representatives, and assigns and will be binding upon Assignor, their successors, legal representatives and assigns.
