CONFIRMATORY ASSIGNMENT

This confirmatory assignment (this "Agreement"), dated 26 Feb 2016 (the "Effective Date"), is entered into by and between on the one hand Leslie Susan Kean, C/O Seattle Children's Hospital dba Seattle Children's Research Institute, 2001 Eighth Avenue, Suite 400, Seattle, WA 98121, Victor Trachev C/O Seattle Children's Hospital dba Seattle Children's Research Institute, 2001 Eighth Avenue, Suite 400, Seattle, WA 98121 (together the "INVENTORS") and Seattle Children's Hospital dba Seattle Children's Research Institute, a corporation organised and existing under the laws of Washington, USA and having a usual place of business at 2001 Eighth Avenue, Suite 400, Seattle, WA 98121 ("SEATTLE") (SEATTLE together with the INVENTORS, the "ASSIGNORS") and on the other hand Kymab Limited, a corporation organised and existing under the laws of England, and having a usual place of business at Meditrina (B260), Babraham Research Campus, Cambridge, CB22 3AT, United Kingdom (the "ASSIGNEE"). Each of the ASSIGNORS and the ASSIGNEE are referred to individually herein as "Party" and collectively herein as "Parties."

WHEREAS, the INVENTORS, have invented a certain improvement in Antibodies, Uses & Methods described in an application for a Patent, which is about to be filed as a PCT application on or before 3rd March 2016 (which designates the United States of America, and has Kymab's reference K00032-1 WO), and claiming priority from (inter alia) the specification which is United Kingdom application No. GB1516008.8 filed 9th September 2015 (the "INVENTION").

WHEREAS, SEATTLE has acquired an interest in the INVENTION pursuant to agreements duly entered into between the INVENTORS and SEATTLE;

WHEREAS, ASSIGNEE has acquired and hereby does acquire all the ASSIGNORS' right, title and interest in and to the INVENTION pursuant to agreements duly entered into between SEATTLE and the ASSIGNEE;

WHEREAS, the Parties wish to confirm the assignment of all the ASSIGNORS' right, title and interest in and to the INVENTION and all intellectual property rights therein or relating thereto to ASSIGNEE on the terms of this Agreement;

NOW, THEREFORE, to all whom it may concern be it known that for and in consideration of said agreements and of other good and valuable consideration, the receipt of and sufficiency of which is hereby acknowledged, the ASSIGNORS have sold, assigned and transferred and by these presents do hereby sell, assign and transfer unto said ASSIGNEE, its successors, assigns and legal representatives, the ASSIGNORS' entire right, title and interest in and throughout the United States of America, its territories and all foreign countries, in and to the INVENTION and all intellectual property rights therein or relating thereto, including the right of priority and including any and all further applications (including, without limitation, substitution,

reissue, divisional, reissue, re-examination and continuation applications, extensions thereof and supplementary protection certificates), together with the ASSIGNORS' entire right, title and interest in and to said applications, extensions and certificates and such Letters Patent as may issue on or in relation to the INVENTION; the INVENTION and all intellectual property rights therein or relating thereto, applications, extensions, certificates and Letters Patent to be held and enjoyed by said ASSIGNEE for its own use and behalf and for its successors, assigns and legal representatives, to the full end of the term for which said Letters Patent, extensions and certificates may be granted as fully and entirely as the same would have been held by the ASSIGNORS had this assignment and sale not been made; the ASSIGNORS hereby convey all rights arising under or pursuant to any and all international agreements, treaties, or laws relating to the protection of industrial property by filing any such applications for Letters Patent, extensions or certificates. The ASSIGNORS hereby acknowledge that this assignment, being of the ASSIGNORS' entire right, title and interest in and to the INVENTION and all intellectual property rights therein or relating thereto, carries with it the right in ASSIGNEE to apply for and obtain from competent authorities in all countries of the world any and all Letters Patent, extensions and certificates by attorneys and agents of ASSIGNEE's selection and the right to procure the grant of all such Letters Patent, extensions and certificates to ASSIGNEE for its own name as assignee of the entire right, title and interest therein; the ASSIGNORS hereby expressly authorize the filing of any patent application under the Patent Cooperation Treaty, European Patent Convention or any other national or regional patent law or treaty, which corresponds to and claims the priority of the above-identified application;

UPON SAID CONSIDERATIONS, the ASSIGNORS hereby agree with the said ASSIGNEE that the ASSIGNORS will not execute any writing or do any act whatsoever conflicting with these presents. AND, the ASSIGNORS hereby further agree for themselves and their executors and administrators to execute upon request any other lawful documents and likewise to perform any other lawful acts which may be deemed necessary to secure fully the INVENTION and all intellectual property rights therein or relating thereto to said ASSIGNEE, its successors, assigns and legal representatives, for no additional consideration but at its or their expense and charges, including the execution of applications for patents in foreign countries, and the execution of any further applications including substitution, reissue, divisional, reissue, re-examination or continuation applications or extensions thereof or supplementary protection certificates, and preliminary or other statements and the giving of all necessary assistance and testimony in any interference or other proceedings or transactions in which the INVENTION and all intellectual property rights therein or relating thereto or any application or patent directed thereto may be involved;

AND, the ASSIGNORS do hereby authorize and request each Patent Office and the Commissioner of Patents of the United States or other authority to issue such Letters Patent, extensions and certificates as shall be granted upon the INVENTION and all intellectual property rights therein or relating thereto to ASSIGNEE, its successors, assigns and legal representatives;

AND, the ASSIGNORS hereby grant ASSIGNEE, its legal representatives, successors and assigns the power to insert on this instrument any further identification that may be

necessary or desirable to comply with the recordation rules of any appropriate and competent authority, including, without limitation, the United States Patent and Trademark Office;

AND, the ASSIGNORS hereby agree that this Assignment may be executed in two or more counterparts each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.
