## *ASSIGNMENT*

WHEREAS, JOHN L. MELANSON, a citizen of the United States of America, residing at 901 West 9<sup>th</sup> Street, #201, Austin, Texas 78703, RODERICK D. HOLLEY, a citizen of the United States of America, residing at 100 Cross Trail, Spicewood, Texas 78669, and JAIMIN MEHTA, a citizen of India, residing at 15108 Mallard Green Lane, Austin, Texas 78728, hereinafter called the "Assignors", have made the invention described in the United States patent application entitled *Systems and Methods for Clock Synchronization in a Data Acquisition System*, Attorney Docket No. 141841.00166 (2216-AMP-US), for a full description of which reference is here made to an application for Letters Patent of the United States filed on June 23, 2015 and assigned Application Serial No. 14/747068; and

For good and valuable consideration, the receipt of which is hereby acknowledged, we hereby also sell, assign and transfer unto Cirrus Logic, Inc., the entire right, title and interest in and to the invention and in and to applications for Letters Patent therefor in the United States of America and all countries foreign to the United States of America, including all rights under any and all international conventions and treaties in respect of the invention and the applications for Letters Patent in foreign countries, and we further authorize Cirrus Logic, Inc. to apply for Letters Patent in foreign countries directly in its own name, and to claim priority of the filing date of the application for Letters Patent of the United States of America under the provisions of any and all international conventions and treaties.

We hereby authorize and request the Commissioner of Patents of the United States of America to issue Letters Patent upon the aforesaid application, division, extension, continuation, continuation-in-part, or reissue, to Cirrus Logic, Inc., for the sole use and benefit of Cirrus Logic, Inc., its successors, assigns and legal representatives, to the full end of the term for which the Letters Patent may be granted, the same as they would have been held and enjoyed by me had this assignment not been made, and we hereby authorize and request the equivalent authorities in foreign countries to issue the patents of their respective countries to Cirrus Logic, Inc.

We agree that, when requested, we will, without charge to Cirrus Logic, Inc., but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for the inventions in any and all countries and for vesting title thereto in Cirrus Logic, Inc., its successors, assigns and legal representatives or nominees.

We covenant with Cirrus Logic, Inc., its successors, assigns and legal representatives, that the interest and property hereby conveyed is free from all prior assignment, grant, mortgage, license or other encumbrance.
