My Assignee, and to the successors and assigns of my Assignee, all my rights, title, and interest in and for the United States of America and all other countries, including all rights of priority, in and to the invention entitled:

Automatic Prediction and Notification of Audience-Perceived Speaking Behavior

And I covenant and agree to sign and execute any further documents or instruments which may from time to time be either necessary, lawful, proper, or requested by the Assignee in the prosecution and maintenance of the above-named application or in the preparation and prosecution of any division, continuation, continuation-in-part, reissue, re-examination, amendment, extension, or interference proceeding, whether administrative or judicial, or otherwise, to secure the title in said Assignee;

And I do authorize and request the Commissioner of Patents and Trademarks to issue said Patent or Patents to the Assignee, and I authorize, appoint and request my attorney of record to insert on this Assignment any further identification or to complete such identification which may be either necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.
