WHEREAS, I verily believe myself to be the original, first and sole inventor of the invention set forth in said application for Letters Patent; and

WHEREAS, **TURBOSONIC INC.**, a company organized and existing under the laws of the Province of Ontario, sometimes referred to as "said assignee" having a place of business at 550 Parkside Drive, Suite A-14, Waterloo, Ontario, Canada, N2L 5V4, are desirous of acquiring the entire and exclusive right, title and interest in and to said invention, any and all patent applications which may be filed thereon, and any and all Letters Patent which may be granted or issued thereon in the United States and throughout the world, including any and all divisions, continuations, reissues and extensions of any of the foregoing;

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00), to me in hand paid by the said **TURBOSONIC INC.** and other good and valuable consideration, receipt of which is hereby acknowledged, I, the said Paul McGrath, have sold, assigned, transferred and set over and do hereby sell, assign, transfer and set over unto the said assignee, its successors and assigns, the entire and exclusive right, title and interest in and to said invention, patent applications and Letters Patent which may be granted or issued for said invention in the United States and throughout the world, including all divisions, continuations, reissues and extensions thereof and all international priority rights associated therewith all to be held by me had this assignment not been made, and I hereby authorize and request the Commissioner of Patents and Trademarks of the United States and the duly constituted authorities of all foreign countries of the world to issue all Letters Patent relating to the foregoing rights to said assignee, its successors and assigns;

AND I further agree that I will promptly, upon request and without further compensation, do all lawful acts including the execution of all necessary documents, and the giving of testimony that in the opinion of the said assignee, its successors and

assigns may be necessary or desirable for obtaining, sustaining, or reissuing United States and foreign Letters Patent relating to the foregoing assigned rights, and for perfecting, affirming, recording and maintaining the title of said assignee, its successors and assigns thereto, and that I will generally cooperate to the fullest extent in all matters pertaining to said invention and patents, and said assignee's title thereto.

IN WITNESS WHEREOF, I have hereunto set my hands and seal this on 3rd day of May, 2012.
