ASSIGNMENT

WHEREAS, WE:

Waldemar Kubli
Dorfwiesenstrasse 7
CH-8173 Neerach
Switzerland;

and

Andreas Krainer
Eichtalhöhe 10F
CH-5400 Baden
Austria;

are either inventors or assignees of the following patent(s) and/or patent application(s):

Title	Country	Application or Patent #	Filing Date
Method and system for processing and displaying sheet-metal-forming simulation parameters	US	8,478,572	Nov. 17, 2010
Method and computing system for designing a sheet-metal-forming process	US	8,560,103	Nov. 17, 2010

Whereas, AutoForm Engineering GmbH, a Swiss company, having a primary place of business at Fällmisstrasse 2, Postfach, CH-8832 Wilen b. Wollerau, (the "Assignee"), is desirous of acquiring the entire right, title and interest in and to said invention, said application(s) and in, to and under any and all Letters Patents to be obtained therefore.

Now, therefore, for \$1 each and other good and valuable consideration, the receipt of which is hereby acknowledged from the Assignee, we have sold, assigned and transferred, and by these presents do hereby sell, assign and transfer unto the said Assignee, its successors and assigns, my entire right, title and interest in and to said invention, said application(s), said patent(s), all divisions, continuations, continuations-in-part, reissues, or renewals thereof, and the any related patent(s), both foreign and domestic, that may or shall issue therefrom, including all reissues or extensions of such patents including all of my rights under the International Convention (collectively "the Patent Rights"), and we do hereby authorize and request the Commissioner of Patents to issue said Letters Patent(s) to the above-mentioned Assignee in accordance herewith.

We further authorize said **Assignee**, its successors and assigns, or anyone it may properly designate, to apply for Letters Patent(s), in its own name if desired, in any and all foreign countries, and additionally to claim the filing date of said United States application(s) and/or otherwise take advantage of the provisions of the International Convention.

We represent and warrant that we have the right and authority to execute this Assignment and to convey all my right, title, and interest in the **Patent Rights**, and that we have not conveyed nor will convey hereafter all or part of the **Patent Rights** therein to a third party; and we do hereby covenant and agree with the said **Assignee**, its successors and assigns, that we will not execute in writing or do any act whatsoever conflicting with these presents, and that we or my executors or administrators will at any time upon request, without further or additional consideration, but at the expense of the said **Assignee**, its successors and assigns, execute such additional writings and do such additional acts as said **Assignee**, its successors and assigns, may deem necessary or desirable to perfect the **Assignee's** enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, continuation, continuation-in-part, divisional, reissued or extended Letters Patent(s) of the United States, or of any and all foreign countries on said invention, and in enforcing any rights occurring as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents.

We hereby authorize the above-mentioned **Assignee**, its successors and assigns, or anyone it may properly designate, to insert in this instrument the application number of said application when ascertained.

This document may be executed in multiple counterparts, each of which shall be considered an original.
