PATENT
A S S I G N M E N T A G R E E M E N T

In consideration of payment by the Assignee to the Assignor of the sum of £200 (receipt of which is acknowledged by the Assignor), the receipt and adequacy of which is hereby acknowledged, **Powderject Research Limited**, a company organized under the laws of the England and having its principal place of business at Ramsgate Road, Sandwich, Kent CT13 9NJ, United Kingdom ("**Assignor**"), hereby sells, assigns and transfers, unto **Pfizer Limited**, a corporation organized under the laws of the England ("**Assignee**") having its principal place of business at Ramsgate Road, Sandwich, Kent CT13 9NJ, United Kingdom, its entire right, title, and interest in and to any patent application or patent in which it has right, title, or interest, including its entire right, title and interest in and to the patent applications and patents listed in the Schedule A attached hereto and expressly made a part hereof; its entire right, title and interest, in all countries of the world, in and to all inventions disclosed in the patent applications and patents listed in the Schedule; its entire right, title and interest in and to all continuations, divisions, continuations-in-part, reissues, reexaminations and extensions thereof; its entire right, title, and interest in and to all patent applications and patents in all countries of the world claiming priority from the patent applications and patents listed in the Schedule; its entire right, title, and interest, if any, in and to all patent applications and patents in all countries of the world from which the patent applications and patents listed in the Schedule claim priority; and the right to claim priority from any such patent application or patent under the Paris Convention for the Protection of Industrial Property, and under any and all other such treaties and agreements to

which the United States of America and England are a party and which afford similar priority-claiming privileges, in all countries of the world; as well as the right to sue in the name of **Assignee** and recover damages for past infringement of any patent application or patent assigned hereby;

And **Assignor** hereby agrees, whenever requested, to communicate to said **Assignee** and its successors and assigns, any facts known to it respecting said inventions, to testify in any legal proceeding respecting said inventions, and to execute all applications or papers necessary to obtain and maintain proper patent protection on said inventions in all countries of the world;

And **Assignor** authorizes **Assignee** or its designee to supply any missing patent application or patent identification information or correct any errors in the patent application or patent identification information provided herein whether discovered prior to or after recordation;

And **Assignor** hereby appoints **Assignee**, through its designee, its attorney-in-fact to execute, in its name and on its behalf, any and all documents required to effectuate this Assignment, including but not limited to further assignments, corrective assignments, powers of attorney and other papers.

IN WITNESS WHEREOF, Assignor and Assignee have caused this Assignment to be executed by their duly authorized representatives.
