WHEREAS, ViCentra B.V., a private company with limited liability (besloten vennootschap met beperkte aansprakelijkheid) incorporated under the laws of the Netherlands (ASSIGNEE), is desirous of obtaining the entire right, title and interest in, to and under the patents and patent applications;

NOW, THEREFORE, in consideration of the sum of Ten Dollar (\$10.00) in hand paid, and other good and valuable consideration, the receipt of which is hereby acknowledged, OWNER has sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over, to ASSIGNEE, its successors, legal representatives and assigns, the entire right, title and interest in, to and under patents and patent applications and all divisions, reissues, reexaminations, substitutions, continuations, continuations-in-part, and extensions thereof, and all patents which may be granted thereon and all reissues thereof; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which may hereafter be filed for said invention in any country or countries foreign to the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from said patents and patent applications under the Patent Laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models and design which may be granted for said invention in any country or countries foreign to the United States and all extensions, renewals and reissues thereof;

AND OWNER HEREBY authorizes and requests the Commissioner of Patents of the United States, and any official of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of industrial property protection on applications as aforesaid, to issue the same to ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

AND OWNER HEREBY covenants that it has full right to convey the entire interest herein assigned, and has not executed, and will not execute, any agreement in conflict herewith.

AND OWNER HEREBY further covenants and agrees that it will communicate to ASSIGNEE, its successors, legal representatives and assigns, any facts known to it respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisions, continuing and reissue applications, make all rightful oaths and generally do everything possible

to aid ASSIGNEE, its successors, legal representatives and assigns, to obtain and enforce proper patent protection for said inventions in all countries.

The effective date of this assignment is August 28, 2015.
