**NUNC PRO TUNC PATENT
ASSIGNMENT**

THIS PATENT ASSIGNMENT is entered into, *nunc pro tunc*, effective June 14, 2005, by inventor, Kathleen G. Kienzle-Leitl ("Assignor") and Acme Scale Company, Inc. ("Assignee").

WHEREAS, I am the inventor of an invention which is the subject of United States Patent No. 7,757,946 issued on July 20, 2010; filed as United States Patent Application No. 11/108,271 on April 18, 2005; claiming priority to United States Provisional Application No. 60/562,961 filed on April 16, 2004; and titled "MATERIAL TRANSPORT IN-MOTION PRODUCT DIMENSIONING SYSTEM AND METHOD" (the "Patent").

WHEREAS, Assignor previously executed on June 14, 2005 an Assignment for this Patent, at the time of execution a pending Patent Application, with the intent of transferring all right title, and interest in the Patent to Assignee, which Assignment was timely recorded with the United States Patent and Trademark Office on July 1, 2005 at Reel/ Frame: 16211-358, and Assignor has since noticed a typographical error in the application number of the prior Assignment and intends for the present Assignment to correct the typographical error in the prior Assignment and to make sure there is no question about the Assignment of the Patent to the Assignee.

WHEREAS, Assignee is desirous of acquiring the entire domestic and foreign right, title, and interest in and under the invention described in the patent applications.

NOW, THEREFORE, for good and valuable considerations, the receipt and sufficiency of which are hereby acknowledged, the undersigned hereby sells, assigns, and sets over to the Assignee their entire right, title and interest in, to and under the Application throughout the world, including all priority rights for the United States and other countries arising therefrom, all inventions therein disclosed, and any and all Letters Patent of the United States and of all other countries, which may be granted for such inventions, or any of them, all such inventions and all rights in such Applications and Letters Patent to be held and enjoyed by Assignee for its own use and enjoyment to the full end of the term or terms for which such Letters Patent may be granted, as fully and entirely as the same would have been held and enjoyed by them had this assignment and sale not been made.

The undersigned agrees to execute all papers necessary in connection with the Applications in the United States and counterpart applications in foreign countries and any continuing, divisional, or reissue applications thereof, and any reexamination of any of such Applications, and also to execute separate assignments in connection with such Applications as the Assignee may deem necessary or expedient.

The undersigned agrees to execute all papers necessary in connection with any interference which may be declared or litigation concerning the Applications, U.S. national counterparts thereof, or continuations, divisions, reissues, reexaminations thereof, and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with such interference or litigation.

The undersigned agrees to execute all papers and documents and perform any act which may be necessary in connection with claims or provisions of the International Convention for Protection of Industrial Property or similar agreements.

The undersigned agrees to do all other acts which, in the opinion of Assignee, may be necessary or desirable to secure the grant of Letters Patent to Assignee or its nominees, in the United States and in all other countries where Assignee may desire to have such inventions, or any of them, patented, with specifications and claims in such form as shall be approved by Assignee and to vest and confirm in Assignee or its nominees the full and complete legal and equitable title to all such Letters Patent.

The undersigned hereby authorizes and requests the Commissioner of Patents to issue any and all Letters Patent of the United States resulting or following from said Applications or any division or divisions or continuing or reissue applications thereof, and any reexamination of any of such applications, to the said Assignee, as Assignee of the entire interest, and hereby covenants that the undersigned has full right to convey the interest herein assigned, and that the undersigned has not executed, and will not execute, any agreement in conflict herewith.

IN WITNESS WHEREOF, I have hereunder set my hand this 20th day of June, 2016.
