PATENT ASSIGNMENT

I (We), the undersigned inventor(s), for good and valuable consideration, the receipt of which is hereby acknowledged, hereby:

1. Assign to Tinnus Enterprises, LLC, a Texas limited liability company (hereinafter "Assignee") the entire right, title and interest throughout the world, including the United States of America, its Territories, Possessions, and Puerto Rico, in and to the above-entitled invention and application for patent and all Letters Patents issuing thereon, and any continuation, continuation-in-part or division of the application and any reissue or extension of the Letters Patents.
2. Agree to execute any documents that legally may be required in connection with the filing, prosecution and maintenance of the application or any other patent applications in the United States for the invention, including additional documents that may be required to affirm the rights of Assignee in and to the invention, all without further consideration.
3. Authorize and request the Commissioner of Patents and Trademarks of the United States to issue any and all Letters Patent that may be granted upon any patent application or any additional, continuing or divisional applications thereof to the Assignee, its successors and assigns.
