ASSIGNMENT

WHEREAS Endres Machining Innovations, LLC, a Michigan company having its principal place of business at 1402 E. Sharon Avenue, Houghton, MI 49931 (hereafter, together with any successors, legal representatives or assigns thereof, called "Assignor"), is owner of U.S. Patent Number 7,651,758, filed October 18, 2005 and issued January 26, 2010, titled SYSTEM FOR IMPROVING THE WEARABILITY OF A SURFACE AND RELATED METHOD (the "Patent"); and

WHEREAS EIP Holdings, LLC, a Michigan company having its principal place of business at 1402 E. Sharon Avenue, Houghton, MI 49931 (hereafter, together with any successors, legal representatives or assigns thereof, called "Assignee") desires to acquire the entire right, title and interest in and to the Patent.

NOW, THEREFORE, for valuable consideration, the receipt of which is acknowledged, Assignor does hereby assign, sell, assign, transfer and set over to Assignee the entire right, title and interest in and to the invention and Patent for the entire term of the Patent and all continuations, divisions, reexaminations, reissues and substitutes thereof, and all United States Letters Patents which may be granted thereon and all reissues, reexaminations and extensions thereof, including the right to sue or otherwise bring action and to collect and receive damages therefrom, for past infringement thereof, and all priority rights under all available International Agreements, Treaties and Conventions for the protection of intellectual property in its various forms in every participating country, and all applications for patents (including related rights such as utility model registrations, inventor's certificates, and the like) heretofore or hereafter filed for said inventions in any foreign countries, and all patents (including all continuations, divisions, extensions, renewals, substitutes, and reissues thereof) granted for said inventions in any foreign countries. Assignor hereby authorize and request the United States Commissioner of Patents and Trademarks, and any officials of foreign countries whose duty it is to issue patents on applications as aforesaid, to issue all patents for said inventions to Assignee in accordance with the terms of this Assignment;

Assignor hereby covenants that it has full right to convey the entire interest herein assigned, and that it has not executed, and will not execute, any agreement in conflict herewith; and

Assignor further agrees to: (a) cooperate with Assignee in the protection of the patent rights and prosecution and protection of foreign counterparts; (b) execute, verify, acknowledge and deliver
