A S S I G N M E N T

I, Mauro Agostini, residing in Via IV Novembre nr. 960, Vò 35030, ITALY, represent that I have invented improvements in a new and useful "PUMPS" for which I have filed an application for Letters Patent of the United States of America on this date.

XYLEM IP MANAGEMENT S.A.R.L. is a limited liability company organized and existing under the laws of Luxembourg, has a place of business at 11, Breedewues, 1259 Senningerberg, Luxembourg, and desires to acquire the entire right, title and interest in and to the invention, application and letters patent to be granted and issued thereon.

For valuable consideration, the receipt and legal sufficiency of which I acknowledge, I have sold and do hereby sell, assign, transfer and set over unto XYLEM IP MANAGEMENT S.A.R.L., its successors and assigns, the entire right, title and interest in and to the invention and all improvements thereon, in and to the application for letters patent thereon, in and to applications pertaining to or based upon the invention and application, including divisional and continuing applications and continuations-in-part, and in and to any and all letters patent which may be granted and issued on the invention and applications, or any of them, in the United States of America, its territories and possessions, and in all countries foreign thereto, together with and including all priority rights based upon any and all applications in the United States of America covered by this Assignment.

I also agree that I will, at the request of XYLEM IP MANAGEMENT S.A.R.L., execute any and all applications for letters patent for the invention, execute any and all other papers and documents and do all other and further lawful acts that XYLEM IP MANAGEMENT S.A.R.L. may deem necessary or desirable to obtain letters patent on the invention, to secure the grant of such letters patent and to protect and vest in XYLEM IP MANAGEMENT S.A.R.L. the undivided interests in the right, title and interest in the invention, applications and letters patent.

I also authorize and empower XYLEM IP MANAGEMENT S.A.R.L., its successors and assigns to apply for and obtain, in its or their own names, letters patent for the invention before competent International Authorities and in any and all countries foreign to the United States in which applications for letters patent can be so made or letters patent so obtained.

DECLARATION (37 CFR 1.63) FOR UTILITY OR DESIGN APPLICATION USING AN APPLICATION DATA SHEET (37 CFR 1.76)

Title of Invention	PUMPS
---------------------------	-------

As the below named inventor, I hereby declare that:

This declaration is directed to: The attached application, or
 United States application or PCT international application number _____
filed on _____

The above-identified application was made or authorized to be made by me.

I believe that I am the original inventor or an original joint inventor of a claimed invention in the application.

I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.
