**PATENT ASSIGNMENT  
RASA NETWORKS, INC.  
TO  
ARUBA NETWORKS, INC.**

This **PATENT ASSIGNMENT** ("Assignment") is effective as of June 1, 2016 ("Effective Date"), is made by and between ARUBA NETWORKS, INC., a Delaware corporation having its principal place of business at 1322 Crossman Avenue, Sunnyvale, California, 94089 (hereinafter "Assignee"), and RASA NETWORKS, INC., a Delaware corporation having its principal place of business at 2550 North First Street, Suite 550, San Jose, CA 95131 (hereinafter "Assignor"), and is subject to the successful merger of Assignor into Assignee.

For good and valuable consideration, the adequacy and receipt of which is hereby acknowledged, Assignor and Assignee agree as follows:

Assignor hereby assigns, transfers, conveys and delivers to Assignee the entirety of Assignor's right, title and interest, including without limitation the right of priority, in, to and under the patents and patent applications identified in the attached Appendix 1, and any inventions and improvements set forth therein, and any and all continuations, continuations-in-part (C-I-P's), divisionals, renewals, and substitutes thereof, and any and all corresponding patents and patent applications that may be filed or granted thereon or therefor in the United States and foreign countries, and any reissues, reexaminations, or extensions thereof, and any goodwill of the business symbolized therein, and the registration thereof (collectively referred to as "Assigned Patents and Patent Applications"). Assignee shall have the right to sue, counterclaim and recover for past, present, and future infringement and collect all past, present, and future royalties, damages, or other income relating to the Assigned Patents and Patent Applications.

In connection with the foregoing, Assignor hereby authorizes the Commissioner of Patents and Trademarks of the United States and other empowered officials of the United States Patent and Trademark Office and/or the appropriate empowered officials in jurisdictions outside the United States to record the transfer of the Assigned Patents and Patent Applications to Assignee as assignee of Assignor's right, title and interest therein, and to issue to Assignee all letters patents and other items referred to above which may issue with respect to the Assigned Patents and Patent Applications in and outside the United States.

IN WITNESS WHEREOF, Assignor and Assignee have caused this Assignment to be executed by their authorized representatives. Each such authorized representative hereby declares that all statements made herein of his or her own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under section 1001 of Title 18 of the United States Codes and that such willful false statements may jeopardize the validity of any patents related thereto.
