ASSIGNMENT

WHEREAS, We, Holger KLAPPROTH and Sonja BEDNAR, ASSIGNORS, citizens of Germany, residing at Kehlerstraße 12, 79106 Freiburg, Germany, and Lindenstraße 22, 79194 Gundelfingen, Germany, respectively, are co-inventors of the inventions in THREE-DIMENSIONAL POLYMER NETWORKS WITH CHANNELS SITUATED THEREIN, for which we have jointly filed a patent application of the United States, U.S. application no. 15/008,728, filed on January 28, 2016, and

WHEREAS, Safeguard Biosystems Holdings Ltd., ASSIGNEE, a company registered in England and Wales whose registered address is Quadrant House, 6th Floor, Thomas More Square, London E1W 1YU UK, desires to acquire the entire right, title and interest in and to said application and the inventions disclosed therein, and in and to all embodiments of the inventions, heretofore conceived, made or discovered by us (all collectively hereinafter termed "said inventions"), and in and to any and all patents, inventors' certificates and other forms of protection (hereinafter termed "patents") thereon granted in the United States and foreign countries.

NOW, THEREFORE, in consideration of good and valuable consideration, receipt and sufficiency of which is acknowledged by us to have been received in full from said Assignee.

1. We do hereby sell, assign, transfer and convey unto said Assignee, the entire right, title and interest (a) in and to said applications and said inventions; (b) in and to all rights to apply for foreign patents on said inventions, including the right to claim priority, pursuant to the International Convention for the Protection of Industrial Property or otherwise; (c) in and to any and all applications filed and any and all patents granted on said inventions in the United States or any foreign country, including each and every application filed and each and every patent granted on any application which is a division, substitution, or continuation of any of said applications; and (d) in and to each and every renewal or extensions of any of said patents.
2. We hereby covenant and agree to cooperate with said Assignee to enable said Assignee to enjoy to the fullest extent the right, title and interest herein conveyed in the United States and foreign countries. Such cooperation by us shall include prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignee (a) for perfecting in said Assignee the right, title and interest herein conveyed; (b) for prosecuting any of said applications; (c) for filing and prosecuting substitute, divisional, continuing or additional applications covering said inventions; (d) for filing and prosecuting applications for reissuance of any said patents; (e) for interference or other priority proceedings involving said inventions; and (f) for legal proceedings involving said inventions and any applications therefor and any patents granted thereon, including without limitation reexamination proceedings, post grant review proceedings, *inter partes* review proceedings, opposition proceedings, cancellation proceedings, priority contests, public use proceedings, infringement actions and court actions; provided, however, that the expense incurred by us in providing such cooperation shall be paid for by said Assignee.
3. The terms and covenants of this assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon us, our respective heirs, representatives and assigns.
4. We hereby warrant and represent that we have not entered and will not enter into any assignment, contract, or understanding in conflict herewith.

IN WITNESS WHEREOF, we have executed and delivered this instrument to said Assignee.
