**CONFIRMATORY ASSIGNMENT OF INTELLECTUAL PROPERTY**

This confirmatory assignment of Intellectual Property (this "Assignment"), dated as of November 17, 2014, is made by Sami Shemtov ("Assignor"), in favor of Steel Components, Inc., a Florida corporation ("Assignee"). Capitalized terms used but not defined herein shall have the meanings given to such terms in that certain Asset Purchase Agreement, dated as of October 31, 2014 (as the same may be amended from time to time in accordance with its terms, the "Purchase Agreement"), by and among Assignee, its shareholders (including Assignor) and Atkore Steel Components, Inc., a Delaware corporation ("Buyer").

WHEREAS, Assignor desires to assign all of his rights, title and interest in and to Intellectual Property developed, made, invented or acquired by Assignor, if any, relating to the Assignee or its business in accordance with Section 6.10 of the Purchase Agreement;

WHEREAS, such assignment is a material inducement for Buyer to consummate the Closing under the Purchase Agreement, and but for such assignment, Buyer would not consummate the Closing; and

WHEREAS, as a shareholder of Assignee, Assignor will receive material consideration pursuant to the terms of the Purchase Agreement.

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged:

(a) Assignment of Intellectual Property. Assignor hereby assigns to Assignee all right, title and interest, whether legal or beneficial, in and to all Intellectual Property developed, made, invented or acquired or otherwise held or owned by Assignor, if any, relating to the Assignee or its business. Effective immediately prior to the Closing, Assignor hereby assigns, transfers, conveys and delivers to Assignee, and Assignee hereby acquires from Assignor, all of Assignor's right, title and interest in and to, (a) the Patents and Patent applications specifically listed on the attached Annex A, including all divisions, renewals and continuations thereof, and all Letters Patent of the United States which may be granted thereon and all reissues and extensions thereof, and all applications for Letters Patent which may hereafter be filed for such Patents in any country or countries foreign to the United States, and all Letters Patent which may be granted for such Patents in any country or countries foreign to the United States hereby authorized, and request the Commissioner of Patents of the United States, and any official of any country or countries foreign to the United States, whose duty it is to issue Patents on applications as aforesaid, to record Assignee as the owner of all such Patents and issue all Letter Patent for such Patents to the Assignee, as assignee of the Patents and Patent applications listed on the attached Annex A, for the sole use of Assignee, its successors and assigns, in accordance with the terms of this instrument, and (b) all Intellectual Property developed, made, invented or acquired or otherwise held or owned by Assignor, if any, relating to the Assignee or its business, in the case of each of clause (a) and (b), free and clear of all Liens, and specifically including, without limitation: (i) all goodwill associated with such Intellectual Property, (ii) all rights to sue and recover damages for (and all profits and interests associated with) past, present and future infringement or dilution of such Intellectual Property, (iii) all rights to collect any income, royalties and payments arising after the Closing by virtue of

the use of such Intellectual Property. Such rights, title and interests are to be held and enjoyed by Assignee and its successors and assigns as fully and exclusively as they would have been held and enjoyed by Assignor had this assignment not been made.

(b) Miscellaneous. Except as required by law or court order, Assignor agrees that Assignor will not, directly or indirectly, disclose to, or use for the benefit of, any Person other than Assignee any Intellectual Property assigned hereunder or any other confidential or proprietary information, data or materials relating to the Acquired Assets or the business conducted by the Assignee prior to Closing. Assignor further covenants and agrees that Assignor will execute and deliver, from time to time after the date hereof upon the request of Assignee, such further documents and instruments and will take all other actions that may be necessary for securing, completing or vesting in Assignee the ownership of the Intellectual Property to the fullest extent possible. This Assignment shall be governed by and construed and enforced in accordance with the laws of the State of Delaware without giving effect to the principles of conflicts of law thereof. This Assignment and all of the provisions hereof shall be binding upon and inure to the benefit of, as the case may be, Assignor, Assignee and Buyer and their respective descendants, spouses, heirs, legal representatives, officers, directors, managers, agents, successors and assigns.
