## ASSIGNMENT

---

WHEREAS, we, **Ricky D. Gaston**, of Kalamazoo, Michigan 49004; and **Robert C. Gadwood**, of Portage, Michigan 49008 have invented certain new and useful improvements disclosed in a provisional patent application, titled “**Tricyclic Lactams for Use in HSPC-Sparing Treatments for RB-Positive Abnormal Cellular Proliferation**,” which may be identified in the United States Patent and Trademark Office by Application No. 61/980,918, filed April 17, 2014, and for which an application for a Letters Patent in the United States claiming priority to said provisional application will be made.

WHEREAS, **Kalexsyn, Inc.** (“Assignee”), a business entity organized and existing under the laws of the State of Michigan, and having its principal offices at 4502 Campus Drive, Kalamazoo, Michigan 49008, is desirous of acquiring the entire right, title and interest in and to said inventions, improvements and application and in and to the Letters Patent to be obtained therefrom.

NOW, THEREFORE, to all whom it may concern, be it known that for good and valuable consideration, the receipt and sufficiency whereof is hereby acknowledged, we, **Ricky D. Gaston**, and **Robert C. Gadwood**, by these presents do sell, assign, and transfer to **Kalexsyn, Inc.** the full, exclusive, and entire right, title, and interest in and to said provisional application, and in and to all inventions and improvements disclosed and described in said provisional application, as well as all know-how derived during the development of, and directed to, the inventions and improvements disclosed and described in said provisional application.

For the same consideration, we, by these presents, do sell, assign, and transfer to **Kalexsyn, Inc.** the full, exclusive, and entire right, title, and interest in and to any U.S. nonprovisional or foreign application or applications corresponding to said provisional application, in whole or in part, and to any Letters Patent and similar protective rights granted on said U.S. nonprovisional or foreign applications, and in and to the right to claim any applicable priority rights arising from or required for said U.S. nonprovisional or foreign applications under the terms of any applicable conventions, treaties, statutes, or regulations, including to all divisions, continuations, continuations-in-part, or renewals thereof, all Letters Patent which may

be granted therefrom, and all reissues or extensions of such patents; said U.S. nonprovisional or foreign applications to be filed and issued in the name of **Kalexsyn, Inc.** or its designee insofar as permitted by applicable law;

AND, for the consideration aforesaid, we do hereby agree that we and our executors and legal representatives will make, execute and deliver any and all other instruments in writing including any and all further application papers, affidavits, assignments and other documents, and will communicate to said Assignee, its successors and representatives all facts known to us relating to said improvements and the history thereof and will testify in all legal proceedings and generally do all things which may be necessary or desirable more effectually to secure to and vest in said Assignee, its successors or assigns the entire right, title and interest in and to the said improvements, inventions, applications, Letters Patent, rights, titles, benefits, privileges and advantages hereby assigned and conveyed, or intended so to be.

AND, furthermore we covenant and agree with said Assignee, its successors and assigns, that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by us and that full right to convey the same as herein expressed is possessed by us.

IN WITNESS WHEREOF, WE have hereunto set our hands and affixed our seal as dated below.
