ASSIGNMENT

THIS AGREEMENT is entered into as of the 6 day of May, 2016 ("Effective Date") by and between Bristol-Myers Squibb Company, with a place of business at Route 206 and Province Line Road, Princeton, New Jersey 08543-4000 ("BMS"), a Delaware corporation and Albany Molecular Research, Inc. ("AMRI"), a Delaware corporation, with a place of business at 26 Corporate Circle, Albany, New York;

WHEREAS, BMS owns right, title, and interest to the patents and patent applications set forth in Appendix A ("Patent Rights");

WHEREAS, AMRI desires to acquire the entire right, title and interest in and to the Patent Rights;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, the parties agree as follows:

1. BMS does hereby acknowledge that it has sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over, unto AMRI, its successors, legal representatives and assigns, its entire right, title and interest throughout the world in, to and under the Patent Rights and all divisions, renewals, continuations, and continuations-in-part thereof, and all Letters Patent of the United States which may be granted thereon and all reissues, extensions, and reexamination certificates thereof, and all rights of priority under International Conventions and corresponding Letters Patent and applications for Letters Patent which may hereafter be filed in any country or countries foreign to the United States and all extensions, renewals and reissues thereof.

2. BMS hereby authorizes and requests the Commissioner of Patents of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents on applications as aforesaid, to issue all Letters Patent identified in the preceding section to AMRI, its successors, legal representatives, and assigns, in accordance with the terms of this instrument.

ACCEPTED AND AGREED TO BY AUTHORIZED REPRESENTATIVE OF:

BRISTOL-MYERS SQUIBB COMPANY
