ASSIGNMENT

WHEREAS, NOVELPOINT SECURITY LLC (hereinafter referred to as "Assignor"), a limited liability company with a principal place of business at **1300 Ballantrae Dr., Allen, TX 75013**, is the sole and exclusive owner of all rights, title and interest in and to the patents listed on the attached **Exhibit A**, all related patent applications, all corresponding foreign patents and foreign and international (e.g., PCT) patent applications, if any, and all related continuations, continuations-in-part, divisions, extensions, renewals, reissues and reexaminations (hereinafter referred to collectively as the "Subject Patents"); and

WHEREAS, VORTEX PATHWAY LLC (hereinafter referred to as "Assignee"), a Texas limited liability company having a principal place of business at **2460 Warren Parkway, Suite 100, Frisco, TX 75034**, wishes to acquire the entire interest in and to the Subject Patents; and

WHEREAS, Assignor is willing to transfer the entire interest in the Subject Patents to Assignee.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby assigns, conveys and transfers to Assignee, its successors, representatives and assigns, all rights, title and interest in and to the Subject Patents and all inventions claimed therein, throughout the United States and every foreign country, together with all ancillary rights thereto, including without limitation, the right to sue and recover monetary remedies for past, present and future infringements and to seek and obtain injunctive or any other relief for infringement of the Patents, the right to pursue examination, reissue, reexamination and other proceedings before the United States Patent and Trademark Office and foreign jurisdictions, the right to claim priority on the basis of such Subject Patents, and the right to fully and entirely stand in the place of Assignor in all matters related thereto. Assignor hereby further grants and assigns to Assignee all causes of action, rights and remedies arising under any of the Subject Patents, whether arising prior to or after the date of this Assignment, and all causes of action, rights and remedies arising under any United States or foreign Letters Patent that may be granted for any of the inventions assigned hereby. The rights, title and interests conveyed in this Assignment are to be held and enjoyed by Assignee, its successors, representatives, and assigns, as fully and exclusively as they would have been held and enjoyed by Assignor had this Assignment not been made.

The terms and conditions of this Assignment will inure to the benefit of Assignee, its successors, representatives and assigns and will be binding upon Assignor, his successors, representatives and assigns.
