ASSIGNMENT

Whereas, Antoine Deville, the "Assignor", made the invention described in French Patent Application No. 1556262 filed July 2, 2015, and United States Patent Application titled Handle Assembly System for a Hand Tool filed on June 30, 2016 and assigned Application No. 15/198,774;

Whereas, Deville SA, a corporation having a place of business at Usine de Beauregard, 49150 Bauge, France, the "Assignee", desires to acquire the entire right, title and interest in the invention and the patent applications identified above, and all patents that may be obtained for the invention ;

Now, therefore, in consideration of valuable and legally sufficient consideration, the receipt of which by the Assignor from the Assignee is acknowledged, the Assignor has sold, assigned and transferred, and by these presents sells, assigns and transfers to the Assignee, the entire right, title and interest for the United States in the invention and the patent applications identified above, and any patents that may issue in the United States; with the entire right, title and interest in the invention and all patent applications and patents issuing therefrom in all countries foreign to the United States, including the full right to claim for any such application all benefits and priority rights under any convention; with the entire right, title and interest in all continuations, divisions, renewals and extensions of any of the patent applications and patents defined above; with the right to recover all damages, including, but not limited to, a reasonable royalty, by past, present, or future infringement or any other violation of patent or patent application rights; to have and to hold for the sole and exclusive use and benefit of the Assignee, its successors and assigns, to the full end of the term or terms for all such patents. The Assignor sells, assigns, and transfers the entire right, title and interest to the Assignee as of the day of filing the application identified above.

The Assignor covenants and agrees, for both the Assignor and the Assignor's legal representatives, that the Assignor will assist the Assignee in the prosecution of the patent application identified above; in the making and prosecution of any other patent applications that the Assignee may elect to make covering the invention identified above; in vesting in the Assignee like exclusive title in all such other patent applications and patents; and in the prosecution of any interference which may arise involving the invention, or any such patent application or patent; and that the Assignor will execute and deliver to the Assignee all additional papers which may be requested by the Assignee to carry out the terms of this Assignment.

Case No.: 15856/4
(BNT219854US00)

The Commissioner of Patents and Trademarks is authorized and requested to issue patents to the Assignee under the terms of this Assignment.

In testimony whereof, the Assignor has executed this agreement.
