ASSIGNMENT

Whereas, I, Theodor Bruckmann, with mailing address Brookkämpe 5, 48268 Geven-Gimbte, Germany, hereafter referred to as "Inventor", have invented certain new and useful improvements in a "METHOD FOR THERMALLY TREATING POLYESTER PELLETS TO OBTAIN A PARTIAL CRYSTALLIZATION" for which a PCT International Application No. PCT/DE2006/0004546 was filed on March 15, 2006 and for which a subsequent application for a United States Patent, Application Number 11/915,976, claiming priority from the PCT International Application, was filed with the United States Patent and Trademark Office on November 29, 2007; and

Whereas, the company BKG Bruckmann & Kreyenborg Granulierttechnik GmbH, with mailing address Hessenweg 3, 48157 Münster, Germany, hereafter referred to as "Assignee", is desirous of holding the entire right, title and interest in the same;

Now, therefore, in consideration of the sum of one dollar (\$1.00), the receipt of which is acknowledged, and other good and valuable consideration, I, the Inventor, by these presents do sell, assign and transfer unto said Assignee the full and exclusive right to the said invention in the United States, and the entire right, title and interest in and to any and all applications, and patents, including the utility patent application and any subsequently filed divisions, reissues, continuations and extensions thereof, and all rights of priority resulting from the filing of said application, which may be granted therefor in the United States. I agree to execute all papers useful in connection with said United States application, and generally to do everything possible to aid said Assignee, its successors, assigns and nominees, at its request and expense, in obtaining and enforcing patents for said invention in the United States; and I hereby authorize and request the Commissioner of Patents and Trademarks to issue all United States patents granted for said invention to said Assignee, its successors and assigns, of the entire right, title, and interest in and to the same, for its sole use and behoof; and for the use and behoof of its legal representatives, to the full end of the term for which said Patent may be granted, as fully and entirely as the same would have been held by me had this assignment and sale not been made.
