ASSIGNMENT

This Assignment is made by **Don R. Sauer** of **1624 Coraltree Place, San Jose, CA 95131** (hereinafter referred to as "Assignor").

WHEREAS, Assignor has invented a new and useful invention entitled "**RING DEVICE WITH OPTICAL FOCUSING MECHANISM**", for which:

1) Non-Provisional Patent No. **7,339,755**, filed on **November 21, 2005**;

WHEREAS, Assignor believe himself to be the original inventor of the invention disclosed and claimed in said application for Letters Patent; and

WHEREAS, the parties desire to have a recordable instrument assigning Assignor's entire right, title, and interest in and to said invention, said application and any Letters Patent that may be granted for said inventions in the United States and throughout the world:

NOW, THEREFORE, in accordance with good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, and transfers to **Quick Vision, LLC, located at 3319 Valley Creek, San Antonio, TX, 78261**, (hereinafter referred to as "Assignee"), the entire right, title, and interest in and to said invention, said application and any Letters Patent that may be granted for said invention in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignor and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties, or otherwise. Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, he and/or his legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patent in the United States and throughout the world for said invention, and for perfecting, recording, or maintaining the title of the Assignee, its successors and assigns, to said invention, said application, and any Letters Patent granted for said invention in the United States and throughout the world. Assignor represents and warrants that they have not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner for Patents of the United States and of all foreign countries to issue any Letters Patent granted for said invention, whether on said application or on any subsequently filed utility, divisional, continuation, continued prosecution application or reissue application, to the Assignee, its successors and assigns, as the assignee of the entire interest in said invention.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date provided below.
