## ASSIGNMENT

THIS ASSIGNMENT, by Daniel R. Burnett (hereinafter referred to as the assignor), residing at 215 Valdez Avenue, San Francisco, CA 94127, witnesseth:

WHEREAS, said assignor has invented certain new and useful improvements set forth in a United States of America non-provisional patent application entitled **IMPLANTABLE FLUID MANAGEMENT SYSTEM FOR THE REMOVAL OF EXCESS FLUID** (hereinafter referred to as the application) assigned patent application number 10/826,237 with a filing date of 17 April 2004 and an attorney docket number TN 1002.1 - US; and

WHEREAS, TheraNova, LLC (hereinafter referred to as the assignee), a limited liability company duly organized under and pursuant to the laws of California and having its principle place of business at 215 Valdez Avenue, San Francisco, CA 94127 is desirous of acquiring the entire right, title and interest in and to said inventions and the application and in and to any patents, letters patent or patent applications, United States of America or foreign, to be obtained therefore or thereon;

NOW, THEREFORE, for good and sufficient consideration, the receipt of which is hereby acknowledged, the assignor has sold, assigned, transferred and set over, and by these presents do sell, assign, transfer and set over, unto the assignee, the assignee's successors, legal representatives and assigns, the entire right, title and interest in and to the above-mentioned inventions, the application and any and all patent applications, letters patent or patents in the United States of America and all foreign countries which may be granted therefore and thereon, and in and to any and all divisions, continuations and continuations-in-part of the application or of the letters patent or patents, or reissues or extensions of the letters patent or patents, and all rights under the International Convention for the Protection of Industrial Property, the same to be held and enjoyed by the assignee, for the assignee's own use and the use of the assignee's successors, legal representatives and assigns, to the full end of the term or terms for which letters patent or patents may be granted, as fully and entirely as the same would have been held and enjoyed by the assignor, had this assignment not been made.

AND for the above consideration, the assignor hereby covenants and agrees to and with assignee, assignee's successors, legal representatives and assigns, that the assignor is the sole and lawful owner of the entire right, title and interest in and to the inventions and the application, and that the same are unencumbered and that the assignor has good and full right and lawful authority to sell and convey the same in the manner herein set forth.

AND for the above consideration, the assignor hereby covenants and agrees to and with the assignee, the assignee's successors, legal representatives and assigns, that the assignor will, whenever counsel of the assignee, or the counsel of the assignee's successors, legal representatives and assigns, shall advise that any proceeding is lawful and desirable in connection with the inventions, or the application, or any proceeding in
