each an Assignor, is the inventor or a co-inventor if more than one Assignor is named, of a new design (the "Design") described and/or claimed in U.S. design patent application No. 29/572604 filed 28 July 2016 entitled **WINDOW/DOOR FRAME** (the "Application(s)");

AND WHEREAS, **Cascadia Windows Ltd.**, whose address is 27050 Gloucester Way, Langley, British Columbia, V4W 3Y5, Canada (the "Corporate Assignor") is the employer of each of the Assignors and has agreed to assign all rights in and to the Design and the Application(s) to Assignee;

AND WHEREAS, **Cascadia Fiberglass Inc.** (the "Assignee"), whose address is 19<sup>th</sup> Floor, 885 West Georgia Street, Vancouver, British Columbia, V6C 3H4, Canada, has acquired the entire worldwide right, title, and interest in and to: the Design, the Application(s), and all patents and similar registrations which may be granted on or as a result thereof in all countries;

In consideration of ONE (\$1.00) DOLLAR and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, each Assignor and the Corporate Assignor confirms that Assignee is the owner of all right, title and interest in and to the Design and the Application(s), and, for greater certainty, to the full extent that he, she or it has not done so previously, he, she or it does hereby, sell, assign, transfer, and set over to the Assignee the entire worldwide right, title, and interest in and to:

- the Design;
- the Application(s);
- all continuations, divisions, renewals of, or substitutes for the Application(s);
- the right to file counterparts to the Application(s) in all countries and regions;
- the right to claim priority from the Application(s) in all countries and regions;
- each and every additional application that claims any part of the Design;
- each and every additional application that is in any way based on or claims priority from or corresponds to the Application(s);

- all patents or design registrations which may be granted on or as a result thereof;
- any reissue or reissues of such patents; and
- all causes of action and rights to bring suit for past, present, and future infringement thereof and all claims for and rights to collect damages, profits, and all other remedies and relief in respect thereof, including other compensation in respect of pre-grant activities;

the same to be held and enjoyed by the Assignee, its successors, assigns, nominees, or legal representatives, to the full end of the term or terms for which such patents or design registrations respectively may be granted, reissued, or extended, as fully and entirely as the same would have been held and enjoyed by the Assignor(s), had this Assignment, sale, and transfer not been made.

Each Assignor hereby covenants that he or she: has full right to convey the entire interest herein assigned; has not encumbered the rights and properties transferred by this Assignment in any manner; has not executed and will not execute any agreement to transfer any rights in the Design and/or the Application(s) to anyone other than the Assignee; and has not executed and will not execute any agreement that is otherwise in conflict herewith.

Each Assignor promises that he or she shall:

- each time a request is made and without undue delay, execute and deliver all such papers as may be necessary or desirable to perfect the title to the Design, the Application(s), the patents, and design registrations in the Assignee, its successors, assigns, nominees, or legal representatives;
- each time a request is made and without undue delay execute and deliver such additional papers the Assignee considers to be necessary or desirable for use in: prosecution of the applications; interference proceedings involving the applications or patents; oppositions involving the applications or patents; applications to reissue or re-examine the patents; or filing additional applications to protect the Design in any country;
- communicate to the Assignee, or its nominees, all known facts respecting the Design, the Application(s), and said patents and assist in the ascertainment of facts and the production of evidence relating to the Design, the applications, the design registrations, or the patents;
- testify in any legal proceedings;
- sign all lawful papers;
- execute all disclaimers and divisional, continuing, reissue, and foreign applications;
- make all rightful oaths; and
- generally to do everything possible to aid the Assignee, its successors, assigns, nominees, and legal representatives to obtain and enforce for its or their own benefit, proper protection for the Design in all countries;

all at the expense, however, of the Assignee or its successors, assigns, nominees, or legal representatives.

Each Assignor hereby irrevocably designates and appoints the Assignee and its duly authorized officers and agents, and their successors, as his or her agents and attorneys-in-fact, to act on the Assignor(s)'s behalf and instead of the Assignor(s), to execute and file applications to protect the Design in all countries, and to do all other proper lawfully permitted acts to further the

assignment, prosecution, and issuance of protection for the Design with the same legal force and effect as if executed by the Assignor(s). This power of attorney shall be deemed coupled with an interest and is irrevocable.

Each Assignor hereby authorizes and requests any official of any country or countries whose duty it is to issue patents on applications to issue to the Assignee, its successors, assigns, nominees, or legal representatives all patents and design registrations for the Design in accordance with the terms of this Assignment.

The Corporate Assignor hereby covenants it:

- has full right to convey the entire interest herein assigned;
- has not encumbered the rights and properties transferred by this Assignment in any manner; and,
- has not executed and will not execute any agreement that transfers any rights in the Design and/or the Application(s) to anyone other than the Assignee, or is otherwise in conflict herewith.

The Corporate Assignor hereby agrees that at the request of the Assignee, it shall:

- promptly execute any further proper documents that may be required or expedient to give effect to this Assignment in any country or region; and,
- exercise its rights in relation to the inventors of the Design to secure their cooperation in executing any proper documents that the Assignee may reasonably request for the purpose of securing or enforcing patent protection for the Design in any countries or regions and/or giving effect to this Assignment.

#### Declarations of Assignor(s) for United States

Each Assignor hereby declares that:

1. The above-identified Application(s) was made or authorized to be made by me;
2. I believe that I am the original inventor or an original joint inventor of a claimed invention in the Application(s); and
3. I hereby acknowledge that any willful false statement made in this Declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

Each Assignor and the Corporate Assignor authorizes Oyen Wiggs Green & Mutala LLP to insert the application serial number and filing date in the text above when such information becomes available.
