ASSIGNMENT

WHEREAS, on or about December 12, 2011, Robert E. Hill and Timothy Ross (collectively, the "Assignors") filed (i) Patent Application No. 13/374,109 entitled "Remedial Composition and Treatment Method" (the "109 Application"), and (ii) Patent Application No. 13/374,110 entitled "Multipurpose Cleaner Composition" (the "110 Application" and, together with the 109 Application, the "Applications"); and

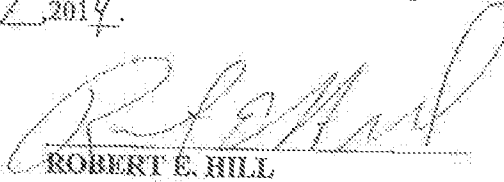

WHEREAS, Agape Patent Holdings, LLC ("Agape"), a Delaware limited liability company, desires to own the Assignors' entire right, title and interest in the Applications, and any inventions claimed therein.

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, each of the Assignors hereby sells, assigns, transfers and sets over to Agape, its lawful successors and assigns, such Assignor's entire right, title and interest in the Applications, and the inventions expressly claimed therein (the "Invention"), and all reissues, reexaminations, and extensions thereof; and all rights to claim priority on the basis of such applications, and all applications for Letters Patent that have been filed for the Invention throughout the world and all Letters Patent that then issue from such filed Applications, and all extensions, renewals, and reissues thereof; and each of the Assignors hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on the Application as described above, to issue all Letters Patent for said Invention to Agape, its successors and assigns, in accordance with the terms of this Agreement;

AND, ASSIGNORS HEREBY further covenant and agree that Assignors will, sign all lawful papers when called upon to do so, execute and deliver all papers that may be necessary to perfect the title to the Invention in Agape, its successors and assigns, execute all divisional, continuation, and reissue applications, make all rightful oaths, to obtain and enforce proper patent protection in the event and to the extent patents are issued from the Applications for the Invention, it being understood that any expense incident to the foregoing shall be borne by Agape, its successors and assigns.

In no event shall this Assignment or any further assignment abrogate the rights granted to Robert E. Hill in and to the Invention, or the art and knowledge underlying the Invention, set out in the Settlement Agreement by and between, among others, Agape and Hill. All rights granted in such Settlement Agreement are expressly preserved.

IN WITNESS WHEREOF, I have caused this Assignment to be executed as of this 2 day of January, 2014.
