ASSIGNMENT - WORLDWIDE

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, UNITED PROTECTIVE TECHNOLOGIES ("Assignor"), does hereby assign and transfer unto

VELOX FLOW, LLC
142 Cara Court
Locust, North Carolina 28097-9740

("Assignee") its successors and assigns, the entire right, title and interest, so far as concerns the United States and the territories and possessions thereof and all foreign countries in and to the inventions ("Inventions") set forth in the Chinese, European, PCT, and United States patent applications scheduled at Exhibit A, including all divisional, renewal, substitute, continuation, nonprovisionals, continuation-in-parts, and Convention applications based in whole or in part upon said Inventions or upon said the applications scheduled at Exhibit A (collectively, the "Applications"), and any and all letters patent and reissues, reexaminations, reviews and extensions of such letters patent granted for said Inventions or upon said Applications (collectively, the "Letters Patent") and every priority right that is or may be predicated upon or arise from said Inventions, said Applications, and said Letters Patent; said Assignee being hereby authorized to file patent applications in any or all countries on any or all said Inventions in the name of the undersigned or in the name of said Assignee or otherwise as said Assignee may deem advisable, under the International Convention or otherwise; the Commissioner of Patents and Trademarks of the United States of America being hereby authorized to issue or transfer all said Letters Patent to said Assignee in accordance herewith; this assignment being under covenant, not only that full power to make the same is had by the undersigned, but also that such assigned right is not encumbered by any grant, license, or other right theretofore given, and that the undersigned will do all acts reasonably serving to ensure that the said Inventions, Applications and Letters Patent shall be held and enjoyed by said Assignee as fully and entirely as the same could have been held and enjoyed by the undersigned if this assignment had not been made, and particularly to execute and deliver to said Assignee all lawful documents including petitions, specifications, oaths, assignments, invention disclaimers, declarations, and lawful affidavits in form and substance which may be requested by said Assignee, to furnish said

Assignee with all facts relating to said Inventions or the history thereof and any and all documents, photographs, models, samples or other physical exhibits which may embody said Inventions, and to testify in any proceedings relating to said Inventions, Applications, and/or Letters Patent.

The undersigned hereby grant(s) an authorized representative of Assignee the power to insert in this Assignment any further identification that may be necessary or desirable to comply with the rules of the U.S. Patent and Trademark Office for recordation of this Assignment.
