ASSIGNMENT BY INVENTOR

THIS ASSIGNMENT, dated as of August 3, 2016 ("Assignment"), is made by David C. A. Plimpton of 1214 Brandy Springs Road, Parkton, Maryland 21120 ("Assignor"), in favor of Inolex Group, Inc., a Delaware corporation, organized and existing under the laws of Delaware, having its principal place of business at 2101 South Swanson Street, Philadelphia, Pennsylvania 19148 ("Assignee");

WHEREAS, Assignor has invented certain new and useful improvements in an invention described as a Calendar-Based Search Engine ("**Invention**"), set forth in certain patents and patent applications, including without limitation, those attached hereto in **Schedule I**, and incorporated by reference herein (individually or collectively referred to as the "**Application**"); and

WHEREAS, Assignor has agreed to assign to Assignee the entire right, title and interest in and to the Invention and Application, and in and to any Letters Patent in the United States and all foreign countries to be obtained therefor and thereon.

NOW, THEREFORE, for good and sufficient consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor has sold, assigned, transferred and set over, and by these presents does sell, assign, transfer and set over, unto Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the Invention and Application, and in and to any and all direct and indirect divisions, continuations and continuations-in-part of the Application, and any and all Letters Patent in the United States and all foreign countries which may be granted therefor and thereon, and reissues, reexaminations and extensions of any Letters Patent, and all rights under the International Convention for Protection of Industrial Property including all rights of priority, the same to be held and enjoyed by Assignee, for its own use and benefit and the use and benefit of its successors, legal representatives and assigns, to the full end of the term or terms for which Letters Patent may be granted and/or extended, as fully and entirely as the same would have been held and enjoyed by Assignor, had this Assignment not been made.

AND for the same consideration, Assignor hereby represents and warrants to Assignee, its successors, legal representatives and assigns, that, at the time of execution and delivery of these presents, except for any rights, titles and/or interests that have arisen to Assignee under law or that have already been transferred to Assignee, Assignor is the sole and lawful owner of the entire right, title and interest in and to the Invention and Application, and that the same are unencumbered and that Assignor has good and full right and lawful authority to assign and convey the same in the manner herein set forth.

AND for the same consideration, Assignor hereby covenants that Assignor will sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done for the assignment, transfer and sale of the Invention, the Application, any Letters Patent and applications for Letters Patent for the Invention, at Assignee's expense, when reasonably requested by counsel of Assignee, or counsel of its successors, legal representatives or assigns.

AND Assignor hereby requests the Director of the United States Patent and Trademark Office and the director of any intellectual property or industrial property office where an Application is pending to issue any Letters Patent of the United States to Assignee, as Assignee of the Invention and the Letters Patent to be issued thereon, for the sole use and benefit of Assignee, its successors, legal representatives and assigns.

AND Assignor hereby grants McGuireWoods LLP the power to insert on this Assignment the application filing date and application serial number, and any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

AND disputes regarding this Assignment shall be governed by and construed in accordance with the domestic laws of the State of Delaware without giving effect to any choice of law or conflict of law provision or rule (whether of the State of Delaware or

any other jurisdiction) that would require the application of any other law. Patent-related disputes shall be governed by the laws of the United States.
