## ASSIGNMENT AND AGREEMENT

For value received, we, **Chuni L. Ghosh** of West Windsor, New Jersey, **Qing Wang** of Plainsboro, New Jersey, **Bing Xu** of Bayside, New York, and **Robert van Leeuwen** of Ewing, NJ, hereby sell, assign and transfer to Princeton Optronics Inc. ("Assignee"), a corporation registered in the State of Delaware, USA, having a usual place of business at 1, Electronics Drive, Mercerville, NJ 08619, and its successors, assigns and legal representatives, the entire right, title and interest, for the United States of America, in and to certain inventions related to "**Compact Laser Ignition Device for Combustion Engine**" described in a United States Patent Application No. 15/166,296 filed on May 27, 2016, for Letters Patent of the United States, executed by us on even date herewith, and all the rights and privileges in said application and under any and all Letters Patent that may be granted in the United States for said inventions; and we also concurrently hereby sell, assign and transfer to Princeton Optronics Inc. the entire right, title and interest in and to said inventions for all countries foreign to the United States, including all rights of priority arising from the application aforesaid, and all the rights and privileges under any and all forms of protection, including Letters Patent, that may be granted in said countries foreign to the United States for said inventions.

We authorize Princeton Optronics Inc. to make application for such protection in its own name and maintain such protection in any and all countries foreign to the United States, and to invoke and claim for any application for patent or other form of protection for said inventions, without further authorization from us, any and all benefits, including the right of priority provided by any and all treaties, conventions, or agreements.

We hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any document which may be required in any country in proof of the right of Princeton Optronics Inc. to apply for patent or other form of protection for said inventions and to claim the aforesaid benefit of the right of priority.

We request that any and all patents for said inventions be issued to Princeton Optronics Inc. in the United States and in all countries foreign to the United States, or to such nominees as Princeton Optronics Inc. may designate.

We agree that, when requested, we shall, without charge to Princeton Optronics Inc. but at its expense, sign all papers, and do all acts which may be necessary, desirable or convenient in connection with said applications, patents, or other forms of protection.
