- C. The parties have agreed upon the following assignment:

#### AGREED TERMS:

1. In consideration of the sum of £1,500 plus VAT (if any) paid by the Assignee to the Assignor (the receipt of which the Assignor acknowledges) the Assignor hereby assigns with no title

guarantee to the Assignee absolutely all property, right, title and interest in and to the Assigned Rights, including but not limited to:

- a) All associated goodwill in the Trade Marks;
  - b) the Assignor's right, title and interest in the Copyright Registration and The Registered Designs, the subject of The Copyright Registration and The Registered Designs including all copyright, design right and rights in the nature of copyright and design right and other intellectual property rights therein;
  - c) the copyright and all rights in the nature of copyright and all other intellectual property rights of whatever nature and howsoever arising in any part of the world in The Works and the products depicted in The Works; and
  - d) all rights of action, powers and benefits belonging or accrued to the same including the right to claim and recover relief in respect of all infringements of the Assigned Rights arising prior to the date hereof.
2. The Assignor will waive any moral rights that it may have in Assigned Rights in any part of the world, and in particular (and without limitation) that the Assignor will not at any time hereafter object to:
- a) any exploitation of the said The Registered Designs, The Works or the copyright work covered by The Copyright Registration in any part of the world (whether with or without any modification and whether or not in conjunction with or in addition to any other work) by the Assignee or its successors in title or any person authorised by any of them;

3. For three months following the date hereof the Assignor will at the request and cost of the Assignee execute and sign all such Instruments, applications and documents and do all such other acts and things as may reasonably be required by the Assignee to give effect to the terms of this assignment.
4. EXCLUSIONS
- 4.1 All representations, warranties, conditions, guarantees and stipulations, express or implied, statutory, customary or otherwise in respect of the Assigned Rights, transferred or agreed to be transferred hereby are expressly excluded (including warranties and conditions as to title, quiet possession, merchantable quality, fitness for purpose and description).
  - 4.2 The Assigned Rights are sold in their condition at the date hereof and subject to all faults, liens, executions, distrains, encumbrances and claims of third parties; the expense of discharging which shall be met by the Assignee. Unless otherwise required by law (and then only to that extent), the Assignor and the Liquidator and each of them shall not be liable for any loss

arising out of, or due to, or caused by any defect or deficiencies in any or all of the Assigned Rights.

- 4.3 The Assignee agrees that the exclusions and limitations contained in it are fair and reasonable having regard to the following:
- (a) that this is a sale by an insolvent company in circumstances where the Liquidator's knowledge of the Assigned Rights is limited and it is usual that no representations and warranties are given by or on behalf of the Assignor or the Liquidator;
  - (b) that the Assignee has relied solely on the opinions of itself and its professional advisors concerning the Assigned Rights or any of them, their quality, condition, description, fitness and for suitability for any purpose, the possibility that some or all of them may have defects not apparent on inspection and examination, and the use it intends or proposes to put them to;
  - (c) that the Assignee has agreed to purchase the Assigned Rights or any of them "as seen" in their present state and condition for a consideration which takes into account the risk to the Assignee represented by the parties' belief that the said exclusions and limitations are or would be recognised by the Courts;
  - (d) that the Assignee, its representatives and advisers have been given every opportunity it or they may wish to have to examine and inspect all or any of the Assigned Rights or any of them and all relevant documents relating to them.
- 4.4 The Assignee acknowledges that it has not entered into this agreement in reliance upon any representations, agreements, statements or replies to specific enquiries (whether oral or written) made or alleged to have been made by the Assignor, the Liquidator or its or their representatives at any time.
- 4.5 The Assignee acknowledges that if the Assignor does not have title or unencumbered title to any or all of the Assigned Rights, or if the Assignee cannot exercise any right conferred or purported to be conferred on it by this agreement, this shall not be a ground or grounds for rescinding, avoiding or varying any or all of the provisions of this agreement, or for any reduction or repayment of any part of the consideration.
5. INDEMNITIES
- 5.1 Without limitation of any other provision of this agreement, from completion, the Assignee shall do all things necessary to ensure compliance with all legal requirements as to possession, ownership or use of any of the Assigned Rights, including obtaining all necessary licences, consents, certificates, permits and other authorisations.
- 5.2 The Assignee shall fully indemnify the Assignor and the Liquidator from and against all claims and losses which may be brought against or incurred by the Assignor or the Liquidator in respect of the Assignee's failure to comply with clause 5.1.

6. PERMISSIONS

- 6.1 The Assignee shall obtain any necessary third party licences, consents and permissions (Permissions) to use or exploit the Assigned Rights. For the avoidance of doubt, the Assignor does not authorise or purport to authorise the Assignee to use or exploit any Assigned Rights before the Assignee obtains any such Permissions.
- 6.2 The Buyer shall be responsible for all registration, maintenance, renewal fees and other expenses in connection with the assignment, licensing or maintenance of the Assigned Rights.
- 6.3 The Assignee shall fully indemnify the Assignor and the Liquidator from and against all claims and losses which may be brought against or incurred by the Assignor or the Liquidator in respect of the use of any or all of the Assigned Rights.

7. LIQUIDATOR'S LIABILITY

- 7.1 The Liquidator act as agent for the Assignor and neither he nor his representatives shall incur any personal liability in any circumstances whatever by virtue of this Assignment, nor in relation to any related matter or claim.
- 7.2 The Liquidator has entered into this agreement in his personal capacity solely for the purpose of obtaining the benefit of the provisions in his favour.
8. The Assignee shall pay the Assignor's reasonable legal costs and disbursements in the preparation, agreement and execution of this Assignment, fixed at £500 plus VAT thereon (£500.00).
9. This assignment is governed by and is to be construed in accordance with the laws of England and Wales.
